*The Fox-North Coalition* John Cannon, 2008-09-11 Dr Cannon studies the workings of the eighteenth century constitution concentrating on the years of acute crisis from 1782 to 1784 He examines the formation of the Fox North coalition its achievement of office in March 1783 and the manoeuvres by which it was eventually ousted In doing so he throws light on several obscure questions such as the reasons for Shelburne's unpopularity the part played by William Pitt over the India Bill based on hitherto unused manuscripts in the Bodleian Library and the causes of Lord Temple's resignation in December 1783 Dr Cannon shows that these were critical years in the evolution of political parties and contributes evidence towards an assessment of the careers of Lord North Charles Fox and William Pitt      **The Fox-North Coalition** John Cannon, 1969

**Empire and Revolution** Richard Bourke, 2015-09-08 A major new account of one of the leading philosopher statesmen of the eighteenth century Edmund Burke 1730-97 lived during one of the most extraordinary periods of world history He grappled with the significance of the British Empire in India fought for reconciliation with the American colonies and was a vocal critic of national policy during three European wars He also advocated reform in Britain and became a central protagonist in the great debate on the French Revolution Drawing on the complete range of printed and manuscript sources Empire and Revolution offers a vivid reconstruction of the major concerns of this outstanding statesman orator and philosopher In restoring Burke to his original political and intellectual context this book overturns the conventional picture of a partisan of tradition against progress and presents a multifaceted portrait of one of the most captivating figures in eighteenth century life and thought A boldly ambitious work of scholarship this book challenges us to rethink the legacy of Burke and the turbulent era in which he played so pivotal a role      [Ireland in the Age of Revolution, 1760-1805, Part I](#) Harry T Dickinson, 2021-02-25 The latter half of the eighteenth century saw Irish opposition movements being greatly influenced by the American and French revolutions This two part six volume edition illustrates the depth and reach of this influence by publishing pamphlets dealing with the major political issues of these decades      [Teaching of Rights and Justice in the Law School](#) Stephen Hurley, Chris Monaghan, 2025-03-04 This book examines the challenges of bringing cutting edge research in often controversial areas into the law syllabus and explores how academics can effectively adopt a holistic approach to research and pedagogy when teaching rights and justice The collection brings together experts from all areas of legal scholarship to discuss how they fuse often controversial aspects of rights and justice into their teaching in a way that responds to and is ultimately led by academic research As such it advances legal education through the opportunity to explore the interplay between rights and justice and how scholars both ensure that their teaching is research led whilst responding to the needs and views of students and issues such as generational differences in viewpoints on controversial issues This topical volume will appeal to academics and researchers interested in academic freedom the challenges of research led teaching and the pedagogy around the teaching of rights and justice      [The First English Detectives](#) J. Beattie,2012-02-09 This is the first comprehensive study of the Bow Street Runners a group of men established in the middle of the eighteenth century by Henry Fielding with the financial support of the government to confront violent offenders on the streets and highways around London They were developed over the following decades by his half brother John Fielding into what became a well known and stable group of officers who acquired skill and expertise in investigating crime tracking and arresting offenders and in presenting evidence at the Old Bailey the main criminal court in London They were Beattie argues detectives in all but name Fielding also created a magistrates court that was open to the public at stated times every day A second intimately related theme in the book concerns attitudes and ideas about the policing of London more broadly particularly from the 1780s when the detective and prosecutorial work of the runners came to be challenged by arguments in favour of the prevention of crime by surveillance and other means The last three chapters of the book continue to follow the runners work but at the same time are concerned with discussions of the larger structure of policing in London in parliament in the Home Office and in the press These discussions were to intensify after 1815 in the face of a sharp increase in criminal prosecutions They led in a far from straightforward way to a fundamental reconstitution of the basis of policing in the capital by Robert Peel s Metropolitan Police Act of 1829 The runners were not immediately affected by the creation of the New Police but indirectly it led to their disbandment a decade later

The Politics of Parody David Francis Taylor,2018-06-19 This engaging study explores how the works of Shakespeare Milton Swift and others were taken up by caricaturists as a means of helping the eighteenth century British public make sense of political issues outrages and personalities The first in depth exploration of the relationship between literature and visual satire in this period David Taylor s book explores how great texts seen through the lens of visual parody shape how we understand the political world It offers a fascinating novel approach to literary history
