## **The Further Investigations Of Joanne Kilbourn:**

**The Further Investigations of Joanne Kilbourn** Gail Bowen,2006 This second Gail Bowen omnibus contains her next three masterful mysteries featuring Canada s favourite amateur sleuth Joanne Kilbourn In A Colder Kind of Death a prisoner is shot to death in the exercise yard of a Saskatchewan penitentiary and Joanne becomes a suspect when his wife is found strangled in A Killing Spring the School of Journalism where Joanne teaches becomes a world of deceit and fear when one of its teachers is found dead in a seedy rooming house and in Verdict in Blood Joanne is asked to help solve the case of a tough judge who is found battered to death in a park     *Mystery Women, Volume Three (Revised)* Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008     Sequels Janet G.
