# The Presence And Absence Of God

**Anthony J. Godzieba**

## **The Presence And Absence Of God:**

The Presence and Absence of God Christopher F. Mooney,1969    The Presence and Absence of God Ingolf U. Dalferth,2009 Safeguarding the distinction between God and world has always been a basic interest of negative theology But sometimes it has overemphasized divine transcendence in a way that made it difficult to account for the sense of God s present activity and experienced actuality Criticisms of the Western metaphysics of presence have made this even more difficult to conceive On the other hand there has been a widespread attempt in recent years to base all theology on religious experience the Christian church celebrates God s presence in its central sacraments of baptism and Eucharist process thought has re conceptualized God s presence in panentheistic terms and some have argued that God might be poly present not omnipresent But what does it mean to say that God is present or absent For Jews Christians and Moslems alike God is not an inference an absentee entity of which we can detect only faint traces in our world On the contrary God is present reality indeed the most present of all realities However belief in God s presence cannot ignore the widespread experience of God s absence Moreover there is little sense in speaking of God s absence if it cannot be distinguished from God s non presence or non existence So how are we to understand the sense of divine presence and absence in religious and everyday life This is what the essays in this volume explore in the biblical traditions in Jewish and Christian theology and philosophy and in contemporary philosophy of religion    The Presence and Absence of God Christopher F. Mooney,

**A Theology of the Presence and Absence of God** Anthony J. Godzieba,2018-05-02 In a consumer driven and technologized world can we still experience the mystery of God This book answers yes by exploring the rich resources of the Christian tradition of thinking and speaking about God Focusing on God s dialectical character divine availability presence and divine excess absence and the belief that God is love 1 John 4 16 professor Anthony J Godzieba tracks how God became a problem in Western culture then responds by showing how human experience is open to divine transcendence and how that openness encounters the revelation of God as Trinity The book s contemporary edge comes from its insistence that belief as embodied performance is the most authentic way to participate in the mystery of God s love which is the answer to the mystery of the world and human beings Walter Kasper

**The Truthful and the Good** J.J. Drummond,J.G. Hart,2013-12-11 lbis volume was occasioned by the desire of its contributors to honor Robert Sokolowski on his sixtieth birthday The desire first took fonn on the streets of an American metropolis when several of us while attending a philosophy conference were bemoaning the lack of passion for doing philosophy as we all conceived it In this expression of our discontent we all had a common exemplar in mind someone for whom the passion for the truthful and the good is embodied in every sentence of his rich writings Felicitously this very thinker was someone whom we an regard as manifesting in his person and life these same properties which his writings exhibit and pursue as luminous ideals As a result John Brough John Drummond and I came up with the idea that we hold our own conference and do philosophy as we envisage it and at the same time honor its foremost exemplary practitioner whose

sixtieth birthday was the following year Immediately the idea took wings among the handful of us and the dreariness of that philosophy congress receded The first task of thinking of possible speakers was easy The issue of the venue for our symposium what I like to call the Sokofest had to be decided as well as the details of its realization **The Presence and absence of God. Ed. by Christopher F. Mooney, S.J.(1.publ.) ,1969** **The Religious Philosophy of Simone Weil**

Lissa McCullough,2014-07-23 The French philosopher Simone Weil 1909 1943 a contemporary of Simone de Beauvoir and Jean Paul Sartre remains in every way a thinker for our times She was an outsider in multiple senses defying the usual religious categories at once atheistic and religious mystic and realist sceptic and believer She speaks therefore to the complex sensibilities of a rationalist age Yet despite her continuing relevance and the attention she attracts from philosophy cultural studies feminist studies spirituality and beyond Weil's reflections can still be difficult to grasp since they were expressed in often inscrutable and fragmentary form Lissa McCullough here offers a reliable guide to the key concepts of Weil's religious philosophy good and evil the void gravity grace beauty suffering and waiting for God In addressing such distinctively contemporary concerns as depression loneliness and isolation and in writing hauntingly of God's voluntary nothingness Weil's existential paradoxes continue to challenge and provoke This is the first introductory book to show the essential coherence of her enigmatic but remarkable ideas about religion **A Space for Grace** Johan Cilliers,2016-02-25

Although the act of preaching may take on various forms Johan Cilliers professor in Homiletics and Liturgy at Stellenbosch University's Faculty of Theology takes a look at preaching as being an event in space and time Aesthetical theological concepts such as space and time are innovatively combined with the sensory experiences like preaching as hearing and as seeing A Space for Grace truly is an inspiring aesthetic combination of academic reflection art works and sermons **The Folly of Prayer** Matt Woodley,2010-02-04 Prayer can feel mysteriously difficult boringly perfunctory and frustratingly out of our control Often prayer brings us comfort but sometimes especially when there aren't easy resolutions or prayers go unanswered it intensifies and focuses our sense of longing pain and care And often God uses our times of darkness and desperation to awaken our hearts to the ache within us and the cries of those suffering around us Prayer is all about coming before God to face life head on with all its jagged edges of mystery joy longing and agony In fact says pastor Matt Woodley prayer is actually a real encounter with the untamable God and Father of our Lord Jesus Christ and therefore our experience of it should reflect the power mystery and even risk of entering into relationship with the Lord of the universe In this book Woodley strips away all the religious speak and presuppositions we have about prayer distilling it to the essence of wholehearted engagement with the living God Exploring an earthy unadorned jargon free approach to prayer Woodley unpacks a host of fresh synonyms for God encounters including prayer as desperation invocation mystery astonishment groaning and even absence These marginal ways of praying compel us to engage marginal people the desperate the groaning the victimized and the ignored As we pray God will open our eyes to the pain of the world around us With stories from his

own experience and biblical and historical examples Woodley gives fresh language to describe a life grounded in prayer that leads to compassion and service     **Subjectivity and Transcendence** Arne Grøn, Iben Damgaard, Søren Overgaard, 2007  
The book has its origins in a conference entitled Subjectivity and Transcendence which was held at the Danish National Research Foundation Center for Subjectivity Research University of Copenhagen Denmark in November 2003 However the book is not a conference proceedings volume Pref     **The Presence and Absence of God** Pierre Benoit, 1969     *The Conservative Reformation and Its Theology* Charles Porterfield Krauth, 1875     Dialectics and the Sublime in Underhill's Mysticism Peter Chong-Beng Gan, 2015-04-29 This book represents a study of Evelyn Underhill's premier work on mysticism using Hegel's dialectics and Kant's theory of the sublime as interpretive tools It especially focuses on two prominent features of Underhill's text the description of the mystical life as one permeated by an intense love between the mystic and infinite reality and the detailed delineation of stages of mystical development Given these two features the text lends itself to a construction of a valuable discourse predicated on dialecticism sublimity and mysticism The book also articulates a number of insights into the content and nature of the writings of Christian mystics     The Mystery of Being James O'Connell, 2009 Combines a philosophical approach to understanding God with describing the evolution of the idea of God in the Old Testament while seeking to examine and present the simultaneously powerful and caring image of God in the New Testament

**Selections from Manuscripts** James Hinton, 1874     Beihefte Der Zeitschrifte Für Religions- und Geistesgeschichte, 1983     The last vials: being a series of essays upon the subject of the second advent. Publ. separately in the year 1846. By a clergyman [R.A. Purdon]. 10th ser.: 17th year, no.1-28th year, no.4 Robert A. Purdon, 1855     **The Absence of The Presence** Luc M Victor, 2021-02-26 The Absence of God's Presence will create the presence of someone or something else in your life The content of this book reveals God's Presence who you are what power you have how to activate your faith and help you understand the power within versus the power without This workbook will refuel your faith life and fill up your emptiness as it will also challenge you to recognize what life you were made to live After reading this book you will change for the better just like it happened for Peter after Jesus called him to become a fisher of man This is the book you have been waiting for that you didn't know existed It carries keys that will unlock doors before you and bring newness of life to you as you follow its instructions     **The Lord's table; or, Meditations on the holy communion office in the Book of common prayer** Edward Henry Bickersteth (bp. of Exeter.), 1882     **Six thousand illustrations of moral and religious truths** Cyclopaedia, John Bate, 1888
