## **Story Theology:**

Story Theology Terrence W. Tilley, Terrence Tilley, 1990 The author reminds us that our Christian stories are at the heart of the faith Without these stories formulated doctrines and theological systems would be bereft of meaning and substance With the breadth of bright Vision he explains what story theology is all about and he tells us why it is gripping the minds and hearts of so many

**In the Beginning Were Stories, Not Texts** C.S. Song, 2011-11-14 The Christian Bible is fundamentally a story Writers painters sculptors artists and indeed people of all walks of life live by the telling of their stories Stories are the most basic mode of human communication Thus it is vital to ask why Christians and above all Christian theologians so often fail to express their faith in terms of story The vast majority of the Hebrew Scriptures for example consist of stories Jesus proclaimed and taught about the Reign of God through stories and parables At the heart of the Christian faith are stories not concepts propositions or ideas Given the deep rootedness of the Christian faith in storytelling this book seeks to address the fact that Christian theology has too often taken the form of concepts ideas and systems This book is an attempt to speak of Christian faith and theology in stories rather than systems Through stories both biblical and non biblical this book shows how we might reimagine the task of Christian theology in the life of faith today At its heart is the conviction that in the beginning there were stories and that in the end and indeed beyond the end are stories not texts ideas and concepts

**Story Theology** J. A. Kays, 2023-03-17 We understand who we are and the world we live in only because of story Without story it is impossible to define our identity meaning purpose or action The Bible after all is a story it begins with Alpha and ends with Omega It is God's story the story of everything By it we learn how the Christian story is not a piece of a larger story but claims to be the story in which other stories find their place To answer the most fundamental questions about who we are and the world we live in we must use a story From a mother who visits her son on death row to a disillusioned man questioning suicide to a family experiencing the hope and hardship of a premature baby this book explores ten central themes of the gospel steadfast love sin faith holiness joy goodness hope compassion forgiveness and peace in story form An interpretation of each story follows in a section where careful analysis sheds light on each biblical theme By using storytelling to communicate theological truth this work provides a unique resource for theological reflection that's helpful for anyone willing to step into a story

The Routledge Handbook of Pentecostal Theology Wolfgang Vondey, 2020-03-31 Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades and a diverse array of disciplines have begun to address a range of elements of these movements Yet there exists very little understanding of Pentecostal theology and it is not uncommon to encounter stereotypes and misperceptions Addressing this gap in current research The Routledge Handbook of Pentecostal Theology is an exceptional reference source to the key topics challenges and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject Comprising over forty chapters written by a team of international

contributors the Handbook is divided into five parts Contextualizing Pentecostal Theology Sources Theological Method Doctrines and Practices Conversations and Challenges These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism divine healing or eschatology unique practices such as spiritual warfare and worship and less discussed issues such as social justice and gender each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement The Routledge Handbook of Pentecostal Theology is essential reading for students and researchers in Pentecostal Studies World Christianity and Theology as well as scholars working in contemporary Religious Studies

**Story Theology** Terrence W. Tilley, 1985 The author reminds us that our Christian stories are at the heart of the faith Without these stories formulated doctrines and theological systems would be bereft of meaning and substance With the breadth of bright Vision he explains what story theology is all about and he tells us why it is gripping the minds and hearts of so many

Thinking in Story Richard A. Jensen, 1993 We are living on the boundary between the print and electronic era Richard A Jensen says that as we move into the electronic world we must seriously rethink most of what we do This book calls us to reinvestigate preaching in our time Well grounded in an understanding of communication cultures this book is a rare gift In theory and practice Jensen helps preachers rethink what they are doing and offers a strategy for effective communication in an electronic era Richard L Thulin Th D Dean and Professor of Preaching Lutheran Theological Seminary at Gettysburg Gettysburg Pennsylvania Jensen's thinking in story thesis provides a scholarly logical rationale for why it both feels and is so right Jensen applies his thinking in story concept to biblical material as well His approach helps us to see individual texts stories in light of the larger biblical story which opens up many new avenues for preaching Thomas Rogers Assistant Professor of Homiletics Pacific Lutheran Theological Seminary Berkeley California These are solid prescriptions for our media saturated times calling for a shift in our very approach to proclamation Jensen is quite right in this goal that preaching needs to compel participation in the narratives of scripture not merely an understanding of them James Nieman Assistant Professor of Homiletics Wartburg Theological Seminary Dubuque Iowa Richard A Jensen is a trained systematic theologian having taught these subjects at Wartburg Theological Seminary Dubuque Iowa from 1971-1981 He is author of Telling The Story Since 1982 he has served in the communication department of the American Lutheran Church and the Evangelical Lutheran Church in America He produces the weekly radio program Lutheran Vespers and several series of television programs

**The Gospels as Stories** Jeannine K. Brown, 2020-06-16 Popular writer and teacher Jeannine Brown shows how a narrative approach illuminates each of the Gospels helping readers see the overarching stories This book offers a corrective to tendencies to read the Gospels piecemeal one story at a time It is filled with numerous examples and visual aids that show how narrative criticism brings the text to life making it an ideal supplementary textbook for courses on the Gospels Readers will gain hands on tools and perspectives to interpret the Gospels as whole stories

The Modern

Theologians David F. Ford, 2013-09-23 This popular text has been updated to ensure that it continues to provide a current and comprehensive overview of the main Christian theologies of the twentieth and twenty first centuries Each chapter is written by a leading theologian and gives a clear picture of a particular movement topic or individual New and updated treatments of topics covered in earlier editions with over half the chapters new to this edition or revised by new authors New section singling out six classic theologians of the twentieth century Expanded treatment of the natural sciences gender Roman Catholic theology since Vatican II and African Asian and Evangelical theologies Completely new chapters on spirituality pastoral theology philosophical theology postcolonial biblical interpretation Pentecostal theology Islam and Christian theology Buddhism and Christian theology and theology and film As in previous editions the text opens with a full introduction to modern theology Epilogue discussing the present situation and prospects of Christian theology in the twenty first century

**Character Theology** Tom Steffen, Ray Neu, 2024-02-21 Character Theology provides a natural universal way for the world to engage God through his chosen cast of characters As the media eras continue to change oral to print to digital virtual too many Bible scholars and consequently pastors and Bible teachers in the West and beyond lack capability to effectively communicate Scripture to Millennials Gen Z and Gen Alpha These generations find little if any relevance in the Christianity promoted by those stuck in modernity's sticky abstract systematic theology Character Theology relates sticks and transforms these generations Why Because people grasp and engage God most naturally and precisely through his interaction with biblical characters and their interaction with each other Characters communicate the Creator's characteristics The roadmap to the recovery and expansion of Christianity in the twenty first century will be through Bible characters

**Ethics** Miguel A. De La Torre, 2013-01-01 This survey text for religious ethics and theological ethics courses explores how ethical concepts defined as liberationist which initially was a Latin American Catholic phenomenon is presently manifest around the globe and within the United States across different racial ethnic and gender groups Authored by several contributors this book elucidates how the powerless and disenfranchised within marginalized communities employ their religious beliefs to articulate a liberationist liberative religious ethical perspective Students will thus comprehend the diversity existing within the liberative ethical discourse and know which scholars and texts to read and will encounter practical ways to further social justice

*Adventures in Spirituality* Robert P. Vande Kappelle, 2020-02-17 Contrary to popular culture the goal of life is not happiness but meaning Those who seek happiness by trying to avoid or finesse conflict suffering doubt and change will find life increasingly superficial Feeling good is a flawed measure of life but living meaningfully is transformative for then one is living a developmental rather than a regressive agenda The ego does whatever it can to make itself comfortable whereas spirituality is about wholeness Adventures in

Spirituality represents the culmination of Dr Vande Kappelle's forty year teaching career incorporating in one volume his views on topics as varied as theology Christology biblical interpretation spirituality ethics world religions religion and science faith and reason and church history Reared in Costa Rica the son of missionary parents Dr Vande Kappelle describes his journey from belief to faith as a transition from precritical to postcritical understanding from evangelical Christianity to what he calls alternative orthodoxy Narrating the shift from first to second half of life experience he introduces readers to core principles that shaped his values thinking and way of life Useful for individual or group study *Adventures in Spirituality* encourages readers to take risks with their lives and faith affirming that this is how one grows spiritually *Beyond Belief* Robert P. Vande Kappelle, 2012-09-17 The current age marks the transition from modernity to postmodernity a period as impactful to the Western sensibility as any previous era The role of religion and the future of Christianity are at stake At this time of transition many thoughtful individuals find themselves at a quandary having reached a critical stage in their spiritual journey Prompted by academia science reason culture and their own experience they feel compelled to choose between the beliefs they inherited as children and the claims of science reason pluralism and secularism *Beyond Belief* suggests that one need not take an either/or approach on these issues there is a better way one that embraces adventure and ambiguity science and religion reason and faith evolution and creation and finds ways to live creatively with realities for which there are no easy explanations Building on a paradigmatic journey of faith that involves three stages precritical critical and postcritical understanding *Beyond Belief* describes the quest for God and for authentic faith in the twenty first century The key point for this understanding is to replace belief with faith acknowledging that belief in doctrines is not central since they are themselves unprovable This new theological perspective requires rethinking many of our cherished doctrines including our understanding of God Jesus Scripture prayer miracles and revelation *The Congregational Year-book*, 1880 Vol 1 36 1879 1914 give statistics for 1878 1913 **God's Story and Modern Literature** Carl Ficken, 1985 *Studies in the Book ...* Revere Franklin Weidner, 1890 **Genesis, Or The First Book of Moses** Johann Peter Lange, 1873 **General History of the Christian Religion and Church** August Neander, 1872
