## Story Of Josh:

**Explorations in the Interpretation of Samuel** Rachelle Lynda Gilmour, Benjamin Johnson, 2024-12-16 The volume consists of 21 essays from an international group of scholars. The volume is broken into two parts: Reading Samuel with the Hebrew Bible and beyond the Hebrew Bible. Each section will offer readings of portions of the Book of Samuel that engage with other texts. The chapters are arranged in the order of the narrative sequence of Samuel to highlight the way reading with other texts can inform a reading of the Book of Samuel.

*An Old Testament Commentary for English Readers: Deuteronomy, Joshua, Judges, Ruth, Samuel* Charles John Ellicott, 1897     **The Book of Joshua** George Frederick Maclear, 1894     The Joshua Delusion? Douglas S. Earl, 2011-01-01 Many Christians wrestle with biblical passages in which God commands the slaughter of the Canaanites men, women, and children. The issue of the morality of the biblical God is one of the major challenges for faith today. How can such texts be Holy Scripture? In this bold and innovative book, Douglas Earl grasps the bull by the horns and guides readers to new and unexpected ways of looking at the book of Joshua. Drawing on insights from the early church and from modern scholarship, Earl argues that we have mistakenly read Joshua as a straightforward historical account and have ended up with a genocidal God. In contrast, Earl offers a theological interpretation in which the mass killing of Canaanites is a deliberate use of myth to make important theological points that are still valid today. Christopher J. H. Wright then offers a thoughtful response to Earl's provocative views. The book closes with Earl's reply to Wright, and readers are encouraged to continue the debate.

**The Book of Joshua** Edward Noort, 2012 The Book of Joshua contains the papers of the Colloquium Biblicum Lovaniense 2010 on the Book of Joshua and the Land of Israel. Not for the sake of plurality as such but as a signal of the state of the art in Joshua research in the post-Noth era, this volume functions as a platform for different approaches in exegetical and historical studies. Text critical, redaction critical, and compositional studies as well as final text reading are offered. The papers are grouped together in six thematic clusters: Text Versions and Terminology, Tradition, Composition and Context, History, Archaeology and Geography, Crossing the Jordan, Jericho and Violence, History of Reception. Starting with the question which text we read (MT, LXX, 4QJoshua), the book engages not only in the recent Pentateuch Hexateuch debate but also in the problematic fields of divine violence and the land. Therefore, an important section deals with the history of reception, starting with the Book of Maccabees, Philo, Josephus, the New Testament, and ending up with two examples of reception in recent times.
