Westin**

Story Of The Cold War:

The Cold War as History Louis J. Halle, 1967 Origins of the Cold War David S. Painter, 2005 This second edition brings the collection up to date including the newest research from the Communist side of the Cold War and the most recent debates on culture race and intelligence

The Cold War John Lewis Gaddis, 2006-12-26 Outstanding The most accessible distillation of that conflict yet written The Boston Globe Energetically written and lucid it makes an ideal introduction to the subject The New York Times The dean of Cold War historians The New York Times now presents the definitive account of the global confrontation that dominated the last half of the twentieth century Drawing on newly opened archives and the reminiscences of the major players John Lewis Gaddis explains not just what happened but why from the months in 1945 when the U S and the U S S R went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao Reagan and Gorbachev Brilliant accessible almost Shakespearean in its drama The Cold War stands as a triumphant summation of the era that more than any other shaped our own Gaddis is also the author of *On Grand Strategy*

The Cold War Odd Arne Westad, 2017-08-31 Odd Arne Westad s daring ambition supra nationalist intellect polyglot sources masterly scholarship and trenchant analysis make *The Cold War* a book of resounding importance for appraising our global future as well as understanding our past Richard Davenport Hines TLS Books of the Year As Germany and then Japan surrendered in 1945 there was a tremendous hope that a new and much better world could be created from the moral and physical ruins of the conflict Instead the combination of the huge power of the USA and USSR and the near total collapse of most of their rivals created a unique grim new environment the Cold War For over forty years the demands of the Cold War shaped the life of almost all of us There was no part of the world where East and West did not ultimately demand a blind and absolute allegiance and nowhere into which the West and East did not reach Countries as remote from each other as Korea Angola and Cuba were defined by their allegiances Almost all civil wars became proxy conflicts for the superpowers Europe was seemingly split in two indefinitely Arne Westad s remarkable new book is the first to have the distance from these events and the ambition to create a convincing powerful narrative of the Cold War The book is genuinely global in its reach and captures the dramas and agonies of a period always overshadowed by the horror of nuclear war and which for millions of people was not cold at all a time of relentless violence squandered opportunities and moral failure This is a book of extraordinary scope and daring It is conventional to see the first half of the 20th century as a nightmare and the second half as a reprieve Westad shows that for much of the world the second half was by most measures even worse

The Cold War Jussi M. Hanhimäki, Odd Arne Westad, 2004 The Cold War contains a selection of official and unofficial documents which provide a truly multi faceted account of the entire Cold War era The final selection of documents illustrates the global impact of the Cold War to the present day and establishes links between the Cold War and the events of 11th September 2001

The Cold War David Painter, 2002-03-11 The Cold War dominated international relations for forty

five years It shaped the foreign policies of the United States and the Soviet Union and deeply affected their societies domestic situations and their government institutions Hardly any part of the world escaped its influence David Painter provides a compact and analytical study that examines the origins course and end of the Cold War His overview is global in perspective with an emphasis on the Third World as well as the contested regions of Asia and Central America and a strong consideration of economic issues He includes discussion of the global distribution of power the arms race the world economy The Cold War gives a concise original and interdisciplinary introduction to this international state of affairs covering the years between 1945 and 1990

Origins of the Cold War, 1941-1949 Martin McCauley, 2008 The Cold War is one of the most important and widely studied areas of history Martin McCauley's best selling Seminar Study unravels the complex issues which gave rise to the Cold War and explains how it originated This new edition is revised updated and expanded with new material on areas such as the KGB and spying and the contribution of intelligence to Stalin's picture of the world The new introduction looks at our perceptions of the Cold War the various approaches that have been adopted for reviewing the Cold War and the difficulties of developing a theory of the Cold War The book incorporates the most recent scholarship theories and newly released information to provide students with an invaluable introduction to the subject

Cold War Hourly History, 2016-11-20 The Cold War between the United States and the Soviet Union lasted from the end of World War II until the end of the 1980s Over the course of five decades they never came to blows directly Rather these two world superpowers competed in other arenas that would touch almost every corner of the globe Inside you will read about What Was the Cold War The Origins of the Cold War World War II and the Beginning of the Cold War The Cold War in the 1950s The Cold War in the 1960s The Cold War in the 1970s The Cold War in the 1980s and the End of the Cold War Both interfered in the affairs of other countries to win allies for their opposing ideologies In the process governments were destabilized ideas silenced revolutions broke out and culture was controlled This overview of the Cold War provides the story of how these two countries came to oppose one another and the impact it had on them and others around the world

The Cold War Ralph B. Levering, 2015-12-14 Now available in a fully revised and updated third edition The Cold War A Post Cold War History offers an authoritative and accessible introduction to the history and enduring legacy of the Cold War Thoroughly updated in light of new scholarship including revised sections on President Nixon's policies in Vietnam and President Reagan's approach to U S Soviet relations Features six all new counterparts sections that juxtapose important historical figures to illustrate the contrasting viewpoints that characterized the Cold War Argues that the success of Western capitalism during the Cold War laid the groundwork for the economic globalization and political democratization that have defined the 21st century Includes extended coverage of the Cuban Missile Crisis the most dangerous confrontation of the nuclear age thus far

A New History of the Cold War John Lukacs, 1966 First ed published in 1961 under title A history of the cold war

A Hard and Bitter Peace Edward H. Judge, John W. Langdon, 2017-08-31 This comprehensive text

provides a balanced survey of the Cold War in a genuinely global framework Presenting not only Soviet and Western perspectives but also the outlooks of peoples and leaders throughout Asia the Middle East Africa and Latin America Edward H Judge and John W Langdon offer in depth treatment of imperialism anti imperialism decolonization national liberation struggles and their Cold War connections The authors explore the background and context for all major developments during the era as well as capsule biographies and character analyses of key figures Tracing the Cold War from its roots in East West tensions before and during World War II through its origins in the immediate postwar era the book concludes with the Cold War s legacy which continues today Written in a clear and lively style this compelling text will bring the era to life for readers who didn t experience its dramas and crises directly

Ideologies in Conflict Chris S. Adams, Jr., 2001-07 The author characterizes this book as a docu story As such it is an exceptionally well researched and skillfully written chronology of the history of Russia the Soviet Union and the cold War The work is unusual and unique It is unusual because unlike most books of an historical nature it is free flowing and not tightly structured It is unique because it is written with considerable input from the author s personal experiences interwoven with perceptions and anecdotal observations The work is Assertive I have no doubt that there was Cold War I fought in it The Author Candid Stalin is an unconscionable dictator but I liked the little son of a bitch Truman Provocative Truman is worthless Stalin and Challenging Why not set a goal just between the two of us let s find a practical way to solve our critical issues Reagan and we can set a specific agenda for how to straighten out Soviet American relations Gorbachev Finally it is Cautionary The world has become in many respects a safer place Unfortunately it is also still a dangerous place fraught with uncertainty Commander in Chief US Strategic Command and The missile force is in the same state of readiness as ten years ago My men and my missiles are always ready General of the Army Igor Sergeev Republic of Russia

The Oxford Handbook of the Cold War Richard H. Immerman, Petra Goedde, 2013-01-31 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war s reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective together they show the interconnectedness between cold war and national and transnational developments including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks

regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history *The Cold War Through Documents* Edward H. Judge, John W. Langdon, 2017 This comprehensive collection of carefully edited documents speeches treaties statements and articles traces the rise and fall of the Cold War The sources follow the Cold War from its roots in East West tensions at the end of World War II to the collapse of the Soviet Union in 1991 Set in historical context by the editors concise introductions and followed by thoughtful discussion questions the documents are arranged in chronological order starting with the Yalta Conference and ending with Gorbachev's resignation speech Drawing on selections from a variety of countries and leaders involved in this prolonged global struggle the editors treat the entire Cold War as an era in world history not just U S history Their judicious selection makes the great events of the time come alive through the words and phrases of those who were actively involved *The Cold War* J. P. D. Dunbabin, 2008 The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century In this fully revised second edition J P D Dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power Dunbabin's account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in Africa and the Middle East that if not caused by the continuing stalemate between the great powers were used as weapons within it *Local Consequences of the Global Cold War* Jeffrey A. Engel, 2007 Up to now the study of cold war history has been fully engaged in stressing the international character and broad themes of the story This volume turns such diplomatic history upside down by studying how actions of international relations affected local popular life Each chapter has its origins in a major international issue and then unfolds the consequences of that issue for some region or city Thus the starting points for the various contributions are great unifying questions regarding postwar occupation militarization industrialization and decolonization But the ending points are small and dispersed such as movies in Japan race relations in the American South forests in East Germany and industry in Novosibirsk Collectively these stories show how the cold war affected every facet of life East and West urban and rural in developed and developing nations in the superpowers and on the periphery of the international system

Nationalism and Internationalism in the Post-Cold War Era Kjell Goldmann, Ulf Hannerz, Charles Westin, 2012-12-06 The tension between nationalism and internationalism has been a major feature of world politics since the end of the Cold War Based on a Nobel symposium this collection brings together an international selection of acclaimed authors from a wide variety of academic disciplines The book combines focused case studies and more theoretically based material to examine critically the post Cold War political landscape Subjects covered include changing interpretation of the nation state and nationalism the growing prominence of transnational organisations technological changes in information communication and

transport multiculturalism and citizenship ethnicity and religious identity in African Indian Bosnian and Polish nationalism the growing global significance of Islam U.S. Intervention Policy in the Post-cold War World Frances K. Scott,1994

Post-Cold War Anglo-American Military Intervention James Fiddes,2019-10-17 Exploring case studies from the first Gulf War to the Syria crisis this book discusses different approaches to the use of international law and the role it plays in international power politics Analysis of the post Cold War overseas military involvements of Western powers has focused on their legality and legitimacy allowing for a conflation of the concepts and distracting from the true source of international legitimacy Demonstrating compliance with international law can be helpful but it plays a secondary role to other more powerful considerations such as national interest and shared national security concerns Exploring the key drivers for decision makers this book identifies the impact of previous experience on the use of international law in the quest for legitimacy ahead of launching military action Patterns in approach and of relations between close Western allies in particular the UK and US are identified offering valuable lessons for future strategic decision making This book will appeal to scholars and students of International Relations and International Law Think Tanks focussing on International Relations and the use of force and practitioners working in the realm of foreign policy with a focus on the UN and international law will also be interested in the study and conclusions drawn Afghanistan in the Post-Cold War Era Barnett R. Rubin,2013-05-09 A collection of articles written from 1989 to 2009 updated for this volume
