Story Of The Powers Of The President:

The Powers of the Presidency CQ Press, 2012-10-19 Providing both a historical and contemporary perspective on presidential powers The Powers of the Presidency guides readers through the presidency as a constitutional office covering how it was shaped by design at the Constitutional Convention in 1787 and by later constitutional amendments Supreme Court decisions and custom and precedent It discusses the various roles of the chief executive including chief of state chief administrator legislative leader chief diplomat commander in chief and chief economist The fourth edition of this accessible and affordable work has been significantly updated and features Coverage of the final years of George W Bush and the first three years of Barack Obama s presidency Extensive coverage of the Obama Administration s efforts to curb economic decline Updates on the wars in Iraq and Afghanistan the killing of Osama bin Laden and on the treatment of detainees at Guantanamo Bay Coverage of the Arab Spring protests and U S involvement in the military intervention in Libya Barack Obama s health care reform legislation *Speech of Mr. Barton, of Missouri, Upon the Power of the President to Remove Federal Officers* David Barton, 1880 **The War-making Powers of the President** Ann Van Wynen Thomas, Aaron Joshua Thomas (Jr.), Aaron Joshua Thomas, 1982 **Presidential Power in Latin America** Dan Berbecel, 2021-12-23 What explains variance in presidential power between countries In *Presidential Power in Latin America* Dan Berbecel provides a general systematic theory for explaining presidential power in practice as opposed to presidential power in theory Using expert survey data from *Varieties of Democracy V Dem* alongside interviews with high level figures in politics the judiciary the public administration NGOs and academia in Argentina and Chile Berbecel argues that constitutional presidential power formal power is a very poor predictor of presidential power in practice informal power Given the poor predictive value of formal rules he provides an explanation why hyperpresidentialism emerges in some countries but not in others Berbecel attributes the root causes of hyperpresidentialism to three independent variables the strength of state institutions the size of the president s party in congress and whether or not the country has a history of economic crises which together determine how likely it is that a president will be able to concentrate power *Presidential Power in Latin America* will be of key interest to scholars and students of executive politics Latin American politics and more broadly comparative politics **General Knowledge 2020-Competitive Exam Book 2021** R.K.
