Parker **Beyond Romanticism** Stephen Copley, John Whale, 2016-04-14 First published in 1992 Beyond Romanticism
represents a substantial challenge to traditional views of the Romantic period and provides a sustained critique of Romantic
ideology The debates with which it engages had previously been under represented in the study of Romanticism where the
claims of history had never had quite the same status as they have had in other periods and where confidence in poetic
literary value remains high Individual essays examine the philosophical underpinnings of Romantic discourse they survey
analogous and competing discourses of the period such as mesmerism Hellenism orientalism and nationalism and analyse
both the manifestations of Romanticism in particular historical and textual moments and the texts and modes of writing
which have been historically marginalized or silenced by the Romantic This title will be of interest to students of literature
