Stranitsy Minushego:

Holy Fools in Byzantium and Beyond Sergey A. Ivanov, 2006-04-06 There are saints in Orthodox Christian culture who overturn the conventional concept of sainthood. Their conduct may be unruly and salacious, they may blaspheme and even kill, yet mysteriously those around them treat them with even more reverence. Such saints are called holy fools. In this pioneering study, Sergey A. Ivanov examines the phenomenon of holy foolery from a cultural standpoint. He identifies its prerequisites and its development in religious thought, and traces the emergence of the first hagiographic texts describing these paradoxical saints. He describes the beginnings of holy foolery in Egyptian monasteries of the fifth century, followed by its high point in the cities of Byzantium, with an eventual decline in the twelfth to fourteenth centuries. He also compares the important Russian tradition of holy fools, which in some form has survived to this day.

Songs for Fat People David

MacFadyen, 2002-11-25 The author traces the careers of early singers such as Izabella Iur'eva, Tamara Tsereteli, and others, who struggled to continue to perform as they fled the dangers of a Soviet society that had little patience for caf culture. MacFadyen follows their trail through Eastern Europe to Paris and London, then across to New York and San Francisco, and back into Russia through the smoky migr bars of colourful Chinese towns. He pays particular attention to the notion of mass songs inside the Soviet Union and explores the relationship of official and public approval. By looking at how these performers used success at home and abroad to become recording stars, film stars, and eventually television personalities, MacFadyen avoids the conventional dichotomies about the East Block to show the complexity of Soviet culture.

Arts & Humanities Citation Index, 2001 **Страницы минувшего** Лев Михайлович Анисов, 1991 *Monthly List of Russian Acquisitions*, 1953 *Monthly Index of Russian Acquisitions*, 1955 **Rasputin** Douglas Smith, 2016-11-03 Get lost in the labyrinthine life of Grigori Rasputin, an enigmatic figure that continues to puzzle historians to this day. Drawing on major new sources hitherto unexamined by western historians, Douglas Smith offers an unparalleled biography that exposes the mysteries and myths surrounding this extraordinary figure. Rasputin: A horse thief and a hard drinking ruffian in his youth, a devout Orthodox Christian or a just a fake holy man. This book scrutinises the myths of his debauchery and sexual exploits, his healing powers and uncanny influence over Russia's empress and emperor, and whether he manipulated the Russian government at his own behest or under the influence of forces more sinister. Smith scrutinises his murder and the players involved, with focus on Prince Yusupov and his fellow conspirators, questioning broader conspiracy theories involving British secret agents and Freemasons, and discussing the long shadow his murder cast over the Romanov dynasty. Shortlisted for the James Tait Black Prize. The most comprehensive account of Rasputin to date, brimming with complexities and fascinating detail, and stands as an enlightening re-evaluation of this crucial figure in Russian history. *The Telegraph*
