**Foreign Policies Of Northern Europe** Bengt Sundelius, 2019-04-05 This cross national treatment of the foreign policies of Northern Europe Denmark Finland Iceland Norway Sweden is organized by substantive policy areas rather than by country thus allowing most similar case analyses of several dimensions of the countries international relations The authors make comparisons among the countries in each area of investigation and present details of security international development and neighborhood and foreign policy processes They also describe and explain international and domestic forces that shape the region s external policies The combination of sound empirically based data and attention to broader international and theoretical interests allows relevant comparisons with other advanced industrial states The Routledge Handbook of EU-Russia Relations Tatiana Romanova, Maxine David, 2021-07-25 The Routledge Handbook of EU Russia Relations offers a comprehensive overview of the changing dynamics in relations between the EU and Russia provided by leading experts in the field Coherently organised into seven parts the book provides a structure through which EU Russia relations can be studied in a comprehensive yet manageable fashion It provides readers with the tools to deliver critical analysis of this sometimes volatile and polarising relationship so new events and facts can be conceptualised in an objective and critical manner Informed by high quality academic research and key bilateral data statistics it further brings scope balance and depth with chapters contributed by a range of experts from the EU Russia and beyond Chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of EU Russia relations such as political and security relations economic relations social relations and regional and global governance The Routledge Handbook of EU Russia Relations aims to promote dialogue between the different research agendas in EU Russia relations as well as between Russian and Western scholars and hopefully also between civil societies As such it will be an essential reference for scholars students researchers policymakers and journalists interested and working in the fields of Russian politics studies EU studies politics European politics studies post Communist post Soviet politics and international relations The Routledge Handbook of EU Russia Relations is part of a mini series Europe in the World Handbooks examining EU regional relations established by Professor Wei Shen The Future Of European Alliance Systems Arlene Idol Broadhurst, 2019-07-11 Recent events in Afghanistan and Poland as well as the Twenty Sixth Party Congress have raised questions about the future direction of the Warsaw Treaty Organization Similarly pressing issues such as the placement of long range theater nuclear forces burden sharing and threats to the security of Europe from peripheral areas for instance the Middle East call attention to the urgent need for a re examination of priorities and strategies within the North Atlantic Treaty Organization This book addresses these military considerations as well as the political and social dimensions of European security The distinguished authors discuss four major subjects European security perspectives NATO the warsaw Pact and resource allocations for defense within the framework of comparative alliance approaches Their

detailed descriptions of current problems diversities and discussions within the two alliance systems offer insight into the differing ideas of what constitutes security     *Books in Series* ,1985 Vols for 1980 issued in three parts Series Authors and Titles     **Scandinavia: a Bibliographic Survey of Literature** United States.
