religious beliefs and spiritual power than with acquiring their trade goods trading posts were seen as windows into another world rather than sources of goods The whites strange appearance and seeming immunity to disease and the unique qualities of their goods and technologies suggested great spiritual power to the Native peoples But disillusionment awaited Catholic and Protestant missionaries came to teach the Native peoples about Christianity yet these white spiritual practices failed to protect them from a new round of epidemic disease By 1850 with their world devastatingly altered most Plateau Indians had rejected Christianity
