The Foresight War:

The Foresight War Anthony Williams, 2004 What if you went to sleep as usual in 2004 and woke up in 1934 What if you had vital knowledge about the forthcoming Second World War and could prove that you came from the future What could you do to affect British policy strategy tactics and equipment How might the course of the conflict be changed And what if there was another throwback from the future and he was working for the enemy The novel follows the story of these two throwbacks as they pit their wits against each other A very different Second World War rages across Europe the Mediterranean Russia the North Atlantic and the Pacific until its shocking conclusion *7 Seconds to Die* John F.

Antal, 2022-02-03 A military study of the 2020 war between Armenia and Azerbaijan the first war in history won primarily by unmanned systems Fought over the course of forty four days the Second Nagorno Karabakh war resulted in a decisive military victory for Azerbaijan Armenia lost even though they controlled the high ground in a mountainous region that favored traditional defense In *7 Seconds to Die* military consultant and historian John Antal examines the decisive factors of the war and their implications for the future of armed conflict The fact that Azerbaijan won the war is not extraordinary considering the correlation of forces arrayed against Armenia What is exceptional is that this was the first modern war primarily decided by unmanned weapons The Turkish made BAYRAKTAR TB2 Unmanned Air Combat Vehicle UCAV and the Israeli made HAROP Loitering Munition LM dominated the fighting and provided Azerbaijan with a war winning advantage
