The Franco Prussian War:

[The Franco-Prussian War](#) Henry Montague Hozier,William Henry Davenport Adams,1870 **The Franco-Prussian War**
Michael Howard,2005-12-09 In 1870 Bismarck ordered the Prussian Army to invade France inciting one of the most dramatic conflicts in European history It transformed not only the states system of the Continent but the whole climate of European moral and political thought The overwhelming triumph of German military might evoking general admiration and imitation introduced an era of power politics which was to reach its disastrous climax in 1914 First published in 1961 and now with a new introduction The Franco Prussian War is acknowledged as the definitive history of one of the most dramatic and decisive conflicts in the history of Europe *The Franco-Prussian War in a Nutshell* Melville De Lancey Landon,1871 *The Franco-Prussian War* ,

The Franco-Prussian War Geoffrey Wawro,2003-08-25 Wawro describes the Franco Prussian War 1870OC071 that violently changed the course of European history *The Franco-Prussian War and Its Hidden Causes* Emile Ollivier,1970 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **The**

Franco-Prussian War ,1870 [Bismarck's War](#) Rachel Chrastil,2023-09-05 The best modern account Wall Street Journal of the war that toppled the French Empire unified Germany and set Europe on the path to World War I Among the conflicts that convulsed Europe during the nineteenth century none was more startling and consequential than the Franco Prussian War of 1870 1871 Deliberately engineered by Prussian chancellor Otto von Bismarck the war succeeded in shattering French supremacy deposing Napoleon III and uniting a new German Empire But it also produced brutal military innovations and a precarious new imbalance of power that together set the stage for the devastating world wars of the next century In Bismarck s War historian Rachel Chrastil chronicles events on the battlefield in full while also showing in intimate detail how the war reshaped and blurred the boundaries between civilian and soldier as the fighting swept across France The result is the definitive history of a transformative conflict that changed Europe and the history of warfare forever **The**

Franco-Prussian War Michael Howard,1967 **The Franco-Prussian War** Robin May,Gerry A. Embleton,1975

Franco-Prussian War 1870-1871 Quintin Barry,2009 In the first part of this comprehensive all new two volume military history of the Franco Prussian War Quintin Barry presents a detailed account of the war against the French Imperial Army waged by the armies of the German Confederation directed by that supreme military mind Helmuth von Moltke The author places Moltke and his strategic planning in the context of the European balance of power following the ending of the Austria Prussian War of 1866 before exploring the initial mobilization and deployment of the armies in 1870 All of the battles

of this opening round of the war are described in detail including Weissenburg Worth Spicheran Borny Colombey Mars la Tour Gravelotte Beaumont and of course Sedan The book ends as the Second Empire of Napoleon III lies defeated crushed by the German armies directed by von Moltke The author has made full use of an extensive number of German and French language sources His detailed text is accompanied by a number of black and white illustrations and battle maps Orders of battle are also provided [The Franco-Prussian War](#) Michael Eliot Howard,1994 [The Austro-Prussian War and Franco-Prussian War](#) Charles River Charles River Editors,2018-09-14 Includes pictures Includes online resources and a bibliography for further reading Locked in a balance of power since the 1815 Congress of Vienna the world was dominated by the great European powers of Britain France Russia and Austria and at the Congress of Vienna itself Prussia had been a minor concern Though the Prussians had come through in time to assist the Duke of Wellington at Waterloo they were nevertheless taken for granted at the conference with the major powers instead preferring to deal with the more historically powerful Austrian Hapsburgs In his scathing commentary on Prussian culture When Blood is Their Argument Ford Maddox Ford attempted to explain the sudden rise of Prussian political and economic status from 1849 1880 writing She Prussia had pushed herself from being a bad second in the comity of Germanism into a position of equality with if not of predominance over Austria amongst the German peoples Prussian leaders especially Otto von Bismarck the chancellor and advisor to Prussia s king believed Prussia could be a united and respected power but only without the traditional Austrian dominance At the time the Austrian empire was a collection of ethnically diverse peoples and had been dominated by a socio political conservatism that sought to keep the empire ruled in Hapsburg tradition After Prussia was victorious in the Austro Prussian War Bismarck played a waiting game where the unification of Germany was concerned as the joining of the southern states initially resistant to Prussian rule friendly with Austria and bent on independence would have to be overcome What was needed was a clear case of French aggression toward either Prussia or the southern states Not only would such a move by Emperor Napoleon III trigger the terms of the treaty between the German states but it would keep the remaining world powers out of the conflict The Franco Prussian War started in August 1870 and a number of victories followed for the Prussians in battles in northeast France By September the strategic city of Metz was under siege and forces fought a major battle at Sedan Led by Field Marshal Helmuth von Moltke the Prussians forced the French to surrender at Metz and then at Sedan Emperor Napoleon III commanding his country s forces at Sedan was taken prisoner humiliating France and its impetuous leader The Prussians immediately marched on Paris but the capital refused to submit and a separate siege was mounted that ended up lasting 130 days Obviously French society was in tumult but a Third Republic and Government of National Defence was pronounced in place of the French Empire An uprising subsequently took place in the stricken city dubbed the Paris Commune which sought to establish a radical alternative to the status quo and was itself put down by French troops On January 18 1871 King Wilhelm I was crowned Kaiser of the German Empire and though the Franco

Prussian War was still taking place this moment was essentially the point at which Germany was unified The other German states had to agree to this profound constitutional change but they acquiesced after the clear victory of the Prussian led forces German unification was the territorial expansion of Prussia by another name but Berlin demonstrated it could protect the interests or at least the safety of German speakers under their watch Despite the campaigns of nationalists and liberals over the previous decades it was ultimately a victory on the battlefield that united the German states This was the real world application of Bismarck's Blood and Iron concept From this position of strength during war Prussia achieved an unassailable position During the relatively short wars of 1864 1866 and 1870-71 Bismarck roused nationalist sentiment and in so doing he achieved the long awaited goal of German unification

The Franco-Prussian War, 1870-1871 Stephen Badsey, 2003

The Franco Prussian War broke out in 1870 when Bismarck engineered a war with the French Second Empire under Napoleon III This was part of his wider political strategy of uniting Prussia with the southern German states excluding Austria The war was an overwhelming Prussian victory and King Wilhelm I was proclaimed Emperor of the new united Germany The Second Empire collapsed and Napoleon III became an exile in Britain In the peace settlement with the French Third Republic in 1871 Germany gained the eastern French provinces of Alsace and Lorraine areas that were to provide a bone of contention for years to come Bloomsbury Publishing

The young franc-tireurs and their adventures in the Franco-Prussian war G.

A. Henty, 2023-05-09 Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

The Franco-Prussian War Sir Henry Montague

Hozier, 1872 *The Franco-Prussian War* Roger baron de Mauni, 1970 **The Franco-Prussian War, 1870-1871** Maarten Otte, 2020-05-30 In 1870 France embarked on a war with Prussia and her allied German states that was to be a complete disaster For Napoleon III after his ignominious surrender with thousands of his troops from the Army of the Rhine and the Army of Chalons it meant his abdication and exile For France it resulted in the humiliation of her army a bitter civil war in Paris the loss of two Provinces Alsace and Lorraine and a heavy indemnity Maarten Otte provides background chapters to place the lead up to the war and the issues that were involved he describes the make up of the opposing armies and some of their principal commanders The campaign around Sedan was short fought in the final days of August and early September 1870 though the war was to drag on for four months The Sedan Campaign was fought over a relatively small area and the locations of some of the key battles have changed little though some of those near the built up areas such as Sedan itself require some imagination After the war several German regiments erected monuments and a surprising number remain today often hidden away in isolated fields and copses Several communal cemeteries have a number of German graves Perhaps one of the most macabre of these is the ossuary in Bazeilles where the visitor is able to see skeletons that still have shreds of uniform and footwear on them A notable feature of this battlefield is to see memorials to the conflicts of the

twentieth century the Great War and the Second World War Sedan was a focus of the most recent and most bloody western European wars *The Reality of War* Léonce Patry,Douglas Fermer,2001 The long and sombre chronicle of the Franco Prussian war is an episode that deserves further attention English speaking readers have very little sense of what the war was like for its participants Based on his own experiences Patry vividly describes the bloodshed and appalling atrocities committed during the army advance to retake the Paris commune He is also deeply critical of the shortcomings and follies of the high command An elegant translation of a compelling text written by a man of obvious charm and honesty and equally obvious faults this book is a joy to read It ranks as one of the best examples of war memoirs written in any language

Great European Conflict. Franco-Prussian War ... Real cause of the struggle, etc. [With illustrations and a map.] George W. BIBLE,1870

The Enigmatic Realm of **The Franco Prussian War**: Unleashing the Language is Inner Magic
