The Fullness Of Christ Pauls Revolutionary Vision Of Universal Ministry:

The Fullness of Christ John Howard Yoder, 2019-04-15 In this groundbreaking study John Howard Yoder searches for the New Testament vision of ministry The author examines the vocabulary used by Paul and other New Testament writers in relation to the universal ministry of the church The theological and sociological distinctions that have since developed between clergy and laity are also examined Yoder concludes that the biblical texts point to the existence of a spirit filled ministry given to all believers While various offices of ministry are mentioned in the New Testament the author argues that there was no laity as such in the early church No distinctions were made between those who possessed spiritual gifts and those who did not All members of the church were considered to have a valid ministry Even though this radical concept of universal ministry was soon lost from the early church it may serve as a catalyst for discussion today as the church faces increasing challenges in leadership

Samen ontdekken. De uitdaging van de vergader(en)de gemeente: samen de wil van Christus onderscheiden. Ingeborg Janssen-te Loo, 2016-03-23 Het tiende deel van de Baptistica Reeks gaat in op het samen ontdekken of onderscheiden van de wil van Christus in de gemeente In de praktijk van gemeenten is een vergadercultuur zichtbaar waar steeds meer vragen bij gesteld worden In eerste instantie vaak praktische hoe kan het proces beter Om vervolgens bij een diepere vraag uit te komen hoe onderscheiden of ontdekken we de wil van God voor de gemeente Deze vraag wordt van verschillende kanten belicht en elke keer wordt opnieuw benadrukt het gaat om de praktijken van de gemeente om andere manieren van doen In dit deel komen zowel de theologie als de praktijk van samen onderscheiden aan de orde Met bijdragen van Henk Bakker Stuart Blythe Dani l Drost en Ingeborg Janssen

The Church as Polis Arne Rasmusson, 2025-02-15 Political theology is one of the most influential theological movements of the latter part of the twentieth century and yet as Arne Rasmusson argues here the field suffers from deep inherent tensions in its attempt to mediate the Christian tradition and the modern emancipatory tradition Rasmusson contributes to political theology through an innovative discussion of the relationship between church and society and an exposition of the thought and work of political theology s influential representative Jürgen Moltmann Rasmusson further refines his argument by filtering Moltmann s theology through an exploration of Stanley Hauerwas s theological positions

Paul Among the Postliberals Douglas Harink, 2013-08-14 This book is changing my mind on more themes than any publication since Hans Frei s *The Eclipse of Biblical Narrative* George Lindbeck Yale University Harink brings several postliberal theologians mainly Yoder and Hauerwas into genuine conversation with the church s original apocalyptic theologian the Apostle Paul The engaging result is a call for the church to return to its true vocation as an uncompromising critic of the state s omnivorous appetite for our loyalties But that is the vocation found in the politics of the cross in which the suffering and victorious God has redemptively invaded the captive world thus calling into being the community that Paul speaks of as the new creation The attentive reader of Harink s book will come away then with an energized hope for the whole of humanity a hope focused on the corporate political nature

of God's apocalyptic invasion in Christ J Louis Martyn Union Theological Seminary Sets new standards for all who dare to aspire to theological engagement with Scripture Michael Cartwright University of Indianapolis Doug Harink has knocked a hole in the artificial wall separating the theological disciplines and has established a working coalition between two scholarly enterprises the various new perspectives that seek to supplant older reformational models of interpreting Paul and the work of various theologians who seek to subvert the established theological strategy of accommodating the gospel to the canons and criteria of modernity A unique and highly significant contribution Terence L Donaldson Wycliffe College University of Toronto One of the most creative and exciting books that I have read in years Instead of decrying the gap between theology and biblical studies Harink simply closes the gap by bringing together the best in recent biblical and theological studies In its direct reading of the biblical text this book represents a new stage in the development of postliberal theology Jonathan R Wilson Westmont College

The Church's Peace Witness Marlin E. Miller, 1994 Should Christians be involved in making war This ever present issue gets new attention here within the context of ecumenical discussion Seven chapters of this volume were originally prepared for the 1991 Faith and Order Consultation on the Apostolic Faith and the Church's Peace Witness Includes a selected bibliography of works on the church's diverse answers to questions of war and peace

Business Ethics Rooted in the Church Werner Franz, 2018-07-10 What is the role of the church in relation to business How can Christians be active business practitioners while remaining faithful to their religious convictions What does it mean for Christians to do business in a context plagued with corruption While the sometimes tense interaction between the church and business can be documented in multiple locations the author's own experience of this dynamic comes from the context of the Mennonite churches in Paraguay Though his treatment of the church and business arises primarily from this particular context the issues addressed are relevant for a variety of circumstances

Beyond Cutting Edge? Paul C. Heidebrecht, 2014-03-10 A quick scan of any newsstand is enough to confirm the widespread preoccupation with technological change As a myriad of articles and advertisements demonstrate not only are we preoccupied with technology but we are bombarded with numerous reminders that the cutting edge is in constant motion Most often the underlying assumption of Christians is that we have no choice but to find ways to cope with the latest and greatest Indeed it is often assumed that the church has no choice but to find ways to cope with its new technological context This book does not make the same assumptions Building on the work of Mennonite theologian John Howard Yoder it argues that the practices of the church make it possible for Christians to conscientiously engage technology This happens when we recognize that marks of the church such as patience vulnerability and servanthood can put technological ideals such as speed control and efficiency in their proper place In the course of grappling with three examples of morally formative technologies automobiles genetically modified food and the Internet this book goes beyond Yoder's thought by emphasizing that the church also plays a crucial role in our moral formation
