The Funhouse:

The Funhouse Dean Koontz, 2013-03-05 Evil comes in frightening and familiar forms in this terrifying novel from 1 New York Times bestselling author Dean Koontz Once there was a girl who ran away and joined a traveling carnival She married a man she grew to hate and gave birth to a child she could never love A child so monstrous that she killed it with her own hands Twenty five years later Ellen Harper has a new life a new husband and two normal children Joey loves monster movies and Amy is about to graduate from high school But their mother drowns her secret guilt in alcohol and prayer The time has come for Amy and Joey to pay for her sins because the carnival is coming back to town **Lost in the Funhouse** John Barth, 2014-06-25 NATIONAL BOOK AWARD FINALIST John Barth's lively highly original collection of short pieces is a major landmark of experimental fiction exploring themes of purpose and the meaning of existence Barth ran riot over literary rules and conventions even as he displayed with meticulous discipline mastery of and respect for them The New York Times From its opening story Frame Tale printed sideways and designed to be cut out by the reader and twisted into a never ending Mobius strip to the much anthologized Life Story whose details are left to the reader to fill in the blank Barth's acclaimed collection challenges our ideas of what fiction can do Highlights include the Homeric story within a story within a story times seven of Menalaid and Night Sea Journey a first person account of a confused human sperm on its way to fertilize an egg All of the characters in *Lost in the Funhouse* are searching in one way or another for their purpose and the meaning of their existence Together their stories form a kaleidoscope of exuberant metafictional inventiveness

Modern/Postmodern Silvio Gaggi, 1989 This survey of 20th century arts and ideas attempts to identify underlying epistemological aesthetic and ethical issues The author emphasizes how works from diverse media relate to one another and how their relationships affect the contemporary artistic and philosophical climate **Death in the Funhouse** Alan Lindsay, 1995 In contrast to recent attempts to distinguish postmodernism from poststructuralism *Death in the FUNhouse* finds deep complicity between the two discourses This book looks comprehensively at the middle and late texts of John Barth to demonstrate the complexity of the postmodern author and the never ending quest for pleasure **Passionate Virtuosity** Charles B. Harris, 1983 **Postmodernism in Pieces** Matthew Mullins, 2016-07-01 *Postmodernism in Pieces* performs a postmortem on what is perhaps the most contested paradigm in literary studies In the wake of a critical consensus proclaiming its death Matthew Mullins breaks postmodernism down into its most fundamental orthodoxies and reassembles it piece by piece in light of recent theoretical developments in Actor Network Theory object oriented philosophy new materialism and posthumanism In the last two decades postmodernism has collapsed under the weight of the very phenomena it set out to deconstruct language whiteness masculinity class the academy Recasting these categories as social constructs has done little to alleviate their material effects Through detailed analyses of everyday objects in novels by Leslie Marmon Silko Toni Morrison Jonathan Lethem John Barth David Foster Wallace Don DeLillo and Julia Alvarez Mullins argues

that what makes fiction postmodern is its refusal to accept social explanations for problems facing a given culture and its tendency instead to examine everyday things and people as constituent pieces of larger networks The result is a new story of postmodernism one that reimagines postmodernism as a starting point for a new mode of literary history rather than a finish line for modernity John Barth and Postmodernism Berndt Clavier, 2007 John Barth's eminence as a postmodernist is indisputable However much of the criticism dealing with his work is prompted by his own theories of exhaustion and subsequent replenishment leaving his writing relatively untouched by theories of postmodernism in general This book changes that by focusing on the relationship between Barth's aesthetic and the ideology critique of the historical avant-gardes which were the first to mobilize art against itself and its institutional practices and demands Examining Barth's metafictional parodies in the light of theories of space and subjectivity Clavier engages the question of ideology critique in postmodernism by offering the montage as a possible model for understanding Barth's fiction In such a light postmodernism may well be perceived as a mimesis of reality particularly a recognition of the collective nature of self and the world
