## The Futures Of Christianity:

**The Future of the Christian Church** Michael Ramsey,Léon Joseph Suenens,1970      **The Future Church** Keshub Chunder Sen,1869      **The Futures of Christianity** David Lawrence Edwards,1987-01-01      [God and the Future Life : the Reasonableness of Christianity](#) Charles Nordhoff,1883      *The Church of the Future* Alonzo Willard Fortune,1890      **The End of Christendom and the Future of Christianity** Douglas John Hall,2002-06-06 The thesis of this book is that the Christian movement can indeed have a significant future one that will be faithful to the original vision of the movement and of immense service to our beleaguered world But to have that future Christians will have to stop trying to have the kind of future that sixteen centuries of official Christianity in the Western world has conditioned them to covet Douglas John Hall examines the decline and fall of Christendom and looks at ecclesiastical responses to the end of Christendom He proposes that the churches make their disestablishment work for good and describes how the Christian movement might serve dominant societies classes and institutions in a post Christian era      [Back to the Future of the Roman Catholic Church](#) Carmen J. Calvanese,2014-11-04 This book explores the notion that the Roman Catholic Church risks imploding from within as a result of its inflexibility towards movements in favor of reasonable change and modernization Attendance at Sunday Mass has dramatically decreased the loss of the youth in these churches is a case in point At the same time the lack of vocations to the priesthood and religious life is at crisis proportions as is further evidenced by the closing of parishes and the curtailing of religious services including the rising phenomenon of priest less Parishes Young men today even if they aspire to the priesthood experience both unrest and rejection at the continued demand of the Church s leadership that priests commit themselves to the lifelong discipline of celibacy Back to the Future of the Roman Catholic Church addresses the root causes of the various developments that have provoked discontent with Church policies and defections from parish life on the part of those who appear to have lost faith in their hierarchical leaders at the highest levels of Church governance Finally this book probes the ways in which the Church can emerge from its crises to become once again faithful to its origins as founded by Jesus Christ      *Futures of Christianity* David Edwards,1988-06-01      *Ancient-Future Faith* Robert E. Webber,1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re present the historic faith In his provocative new work Ancient Future Faith Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of Ancient Future Faith is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative

practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the churchs effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the books educational value Amazon **Christian Theology** Jonathan Weaver,1900 **Future Faith** Wesley Granberg-Michaelson,2018-03-23 In Future Faith Ten Challenges Reshaping the Practice of Christianity author Wesley

Granberg Michaelson provides a lucid view of how the top ten winds of change blowing through global Christian faith are reshaping the practice of Christianity today He is uniquely qualified to identify and interpret connection points between global Christian trends and the American church Drawing on the stories examples and personalities of pastors and congregations from throughout the U S as well as those from Africa Asia Latin America who are the faces of Christianity s future Future Faith is designed to inform and empower followers of Jesus to seek new ways of becoming the face of Christ to a rapidly changing world Leaders and practitioners in church growth renewal and planting will be a primary audience for this book Students of religion from Catholic evangelical Pentecostal and historic Protestant streams will find this book an informative and stimulating resource for pondering together the future of their faith Small groups engaged in congregational nurture and growth will find in the author a welcome companion for guiding them through the multi cultural landscape of contemporary faith
