# The Long Revolution

Raymond Williams

# The Long Revolution

**Thomas Carlyle**

## **The Long Revolution:**

**The Long Revolution** Raymond Williams, 2001-03-02 Raymond Williams whose other works include *Keywords* *The Country and the City* *Culture and Society* and *Modern Tragedy* was one of the world's foremost cultural critics. Almost uniquely, his work bridged the divides between aesthetic and socio-economic inquiry, between Marxist thought and mainstream liberal thought, and between the modern and post-modern world. When *The Long Revolution* first appeared in 1961, much of the acclaim it received was based on its prescriptions for Britain in the 60s, which form a relatively brief final section of the whole. The body of the book has since come to be recognized as one of the foundation documents in the cultural analysis of English-speaking culture. The long revolution of the title is a cultural revolution which Williams sees as having unfolded alongside the democratic revolution and the industrial revolution. With this book, Williams led the way in recognizing the importance of the growth of the popular press, the growth of standard English, and the growth of the reading public in English-speaking culture and in Western culture as a whole. In addition, Williams's discussion of how culture is to be defined and analyzed has been of considerable importance in the development of cultural studies as an independent discipline. Originally published by Chatto Windus, *The Long Revolution* is now available only in this Broadview Encore Edition.

History of the Consulate and the Empire of France Under Napoleon Adolphe Thiers, 1883      **The French revolution** Thomas Carlyle, 1897      *The two dispensations, gentile and millennial; an ecclesiastical history of Europe, as set forth in the book of Revelation* John Williams (writer on the Apocalypse.), 1894      *The Works of Thomas Carlyle: The French Revolution* Thomas Carlyle, 1896      *Reign of Louis XVI.
