The Porsche 911:

Porsche 911 Randy Leffingwell, 2005 For over 40 years Porsche's legendary 911 has ruled the realm of sports cars. The Porsche 911 is the benchmark. The 911 recently celebrated its 40th anniversary making it one of the longest running models currently in production from any manufacturer. A leader on the race track as well as the street, it posted an outright overall victory at the 24 Hours of Daytona in 2003, beating Corvettes, Ferraris, and even purpose-built Daytona Prototype race cars. This despite the fact the 911's rear engine configuration was long ago rejected by rivals. Why does it hold such a coveted spot at the pinnacle of the sports car world? In *Porsche 911 Perfection by Design*, best-selling author, photographer, and noted Porsche historian Randy Leffingwell adeptly answers this question, tracing the amazing story of its development and rise to international success from the 1963 Type 901 through 2005 models. In tandem, he weaves the racing 911's rich history where it reigned victorious at Le Mans, Daytona, and many more of the world's most prestigious races. With more than 350 pages and 300 vivid color and black and white photographs, this amazing hard cover book showcases why the 911 continues to impress enthusiasts and engineers alike. Leffingwell interviewed dozens of former and current Porsche engineers, designers, and executives, including Ferdinand Piëch, the father of the 911, as well as Porsche competitors who used the 911 as a benchmark for their own designs to create a true hands-on anecdotal history of the 911. Straight from the key players and decision makers, he explains. This book is an inside story of how the 911 came to be what it was, what it is now, and how it moved through 40 plus years of evolution, growth, and improvement. A jaw-dropping and unprecedented collection of 911s between two covers. Leffingwell and David Newhardt's stunning full-page color photography features more than 80 Porsche 911s, complementing the text, enticing readers to an up-close and personal view of these exotic wish-list cars. *Porsche 911 60 Years* Randy Leffingwell, 2024-04-16 *Porsche 911 60 Years* offers a year-by-year review of the greatest and most legendary 911s from the 1963 prototype to today, accompanied by images from Porsche's archive as well as handsome contemporary photography. **The Porsche 911 Book**, 2021 This book celebrates the unique history of the Porsche 911 sports car from its unveiling at the IAA in 1963 to the present day. [The Porsche 911 Book](#) Jürgen Lewandowski, 2018 The introduction of the Porsche 901 in 1963 marked a milestone in automotive history. Although the name later had to be changed because Peugeot had patented having a 0 in the middle of car model numbers, the 911 didn't let anything stand in the way of its becoming an iconic sports car. This success story spans all the way from the 901 and the Carrera RS 2.7, which with its characteristic rear spoiler, the so-called ducktail, was the fastest production car of its time right up to the current generation of the 991. For the 50th birthday of the populous 911 family, the famous automotive photographer Rene Staud, whose *The Mercedes-Benz 300 SL Book* has also been published by teNeues, showcases the most important models all in his typically radiant and distinctive style. *Porsche 911: 50 Years* Randy Leffingwell, 2013-09-01 *DIVIn Porsche 911 50 Years* bestselling author Randy Leffingwell celebrates a half-century of one of the world's premiere sports cars, focusing on the major themes.

that have defined Porsche's rear engine wonder. He tells the whole story design and development racing and competition engineering and technology style and culture. All the iconic 911 models are included the original 901 prototype that set the standard the legendary RS models that made the little Porsche a dominant force on the world's racetracks the infamous Turbo the car that kept the performance flame alight during the dark dismal decade of the 1970s the fabled 959 the model that redefined the term sports car the 993 last of the original air cooled models and the 996 997 and 991 the liquid cooled cars that brought the 911 into a new millennium. But beyond telling the story of the cars this book also spotlights the people behind them Ferdinand Butzi Porsche the son of legendary Porsche founder Ferdinand Ferry Porsche who co designed the instantly recognizable 911 shape Peter W Schutz the Porsche CEO who saved the 911 from extinction and Dr Helmuth Bott the engineering genius behind many of the groundbreaking technologies that have defined the 911 including fuel injection turbocharging and all wheel drive. Leffingwell also tells the story of the 911 community the clubs and culture that surround the car. Together all of these facets make Porsche 911 50 Years the most essential book in any Porsche fan's library.
