The Little Ark Rev. George Clune, 1964 Touching Stories of My Life in Journey to Christian Holiness and Hands-on
Patient Care in a Weeping Healthcare Ramsis F. Ghaly FACS, MD, 2019-08-26 This is the twelfth book of the series
Christianity and the Human Brain It integrates the neuroscience and the Bible the Holy Book of our Lord Jesus My love for
our Lord Jesus Christ abides with my lifetime passion for neurosurgery and medicine my continual obsession of spiritual
connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation It has been my
belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside
spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the
body As I perform brain surgeries for three decades I realize my theory is so true The majestic human brain can't be just the
1,500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain to become a brain
of a man of God and the hand of man to a hand of a man of God The spiritual human brain never dies only the flesh It is the
center of my calling and unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science
demand of me My life is dedicated to my Lord Jesus patients and residents As a physician I have reached the top in America I
am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals As an
academic teacher I trained for more than thirty-four years graduating thousands of trainees But all is nothing as I strive for
the Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual patients

miracles testimonials and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine This book is full of many vibrant stories that I love to share It is timely since I consider my generation soon will be viewed obsolete to the future generations and what will remain are the books I authored The book is a text of wealth covering broad and diverse topics of my life s journey in 134 chapters and organized over 14 sections So many chapters are written about my special love for Lord Jesus Christ and His children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to the mothers newborns and little children While my soul is grieving a section is designated on the ongoing Christian persecution especially the genocide of Christians in my country Egypt the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn t otherwise convey for one reason and another such as neuroscience in aerospace and some of the timely touching subjects like drug overdose human trafficking and healthcare crises Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our Savior It is never enough to share our love write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about **Upper Little Arkansas River Watershed Survey Report** ,1981 **The Little Ark** Dermot Kenny,1980*
