Alfred Henry Miles

The Lonely Squirrel:

The Lonely Squirrel Mads Stage, 1979-01-01 When a lonely brown squirrel ignored by the red squirrels in the forest becomes trapped by a fallen tree limb help comes from an unexpected source **The Animals' Friend**, 1898 *Spring* Oni Buchanan, 2010-10-01 2009 Massachusetts Book Awards Winner Representing nothing less than a tour de force of formal invention and emotional intensity Oni Buchanan's *Spring* encompasses radically contrasting work Ecstatic visually intricate rhapsodies are juxtaposed with tight sonnet like poems and wispy columns of verse brush up against large scale epics and kinetic text This collection's point of departure is the paradox of existence as an individual in a political and violent world All of the formal innovations in this book have in common an urgent need for texture and polyphony and the poems attempt to discover how to fulfill the individual human responsibility of surviving as a resiliently loving and hopeful living creature An accompanying multimedia compact disc offers a full Flash animated version of the printed kinetic work *The Mandrake Vehicles* **Donahoe's Magazine**, 1893 *Animal Narratives and Culture* Anna Barcz, 2017-03-07 The term vulnerable realism can imply two different understandings one presenting weak realism as incomplete and mixed with other literary styles the other bringing realistic vulnerable experience into narration The second is the key concern of this work though it does not exclude the first as it asks questions about realism as such entering into a polemic with the tradition of literary realism Realism then is not primarily understood as a narrative style but as a narration that tests the probability of nonhuman vulnerable experience and makes it real The book consists of three parts The first presents examples of how realism has been redefined in trauma studies and how it may refer to animal experience The second explores what is added to the narrative by literature including the animal perspective the zoonarrative and how it is conducted zoocriticism The third analyses cultural texts such as painting circuses and memorials which realistically generate animal vulnerability and provide non anthropocentric frameworks anchoring our knowledge in the experience of fragile historical reality **Golden Hours**, 1877 **Public and Private Life of Animals** P.-J. Stahl, J. Thomson, 1877 *Our Animal Friends*, 1893 **Tocqueville in Arabia** Joshua Mitchell, 2013-08-27 We live in the democratic age So wrote Alexis de Tocqueville in 1835 in his magisterial work *Democracy in America* This did not mean as so many have believed after the fall of the Berlin Wall in 1989 that the political apparatus of democracy would sweep the world Rather Tocqueville meant that as each nation left behind the vestiges of its aristocracy life for its citizens or subjects would be increasingly isolated and lonely In America more than a half century of scholarship has explored and chronicled our growing isolation and loneliness What of the Middle East Does Tocqueville prediction confirmed already by the American experience hold true there as well Americans look to the Middle East and see a rich network of familial and tribal linkages that seem to suggest that Tocqueville's analysis does not apply A closer look reveals that this is not true In the Middle East today citizens and subjects live amidst a profound tension familial and tribal linkages hold them fast and at the same time rapid modernization has left them as isolated and lonely as so many

Americans are today The looming question anticipated so long ago by Tocqueville is how they will respond to this isolation and loneliness Joshua Mitchell has spent years teaching Tocqueville's classic account Democracy in America in America and the Arab Gulf and with Tocqueville in Arabia he offers a profound account of how the crisis of isolation and loneliness is playing out in similar and in different ways in America and in the Middle East While American students tend to value individualism and commercial self interest Middle Eastern students have grave doubts about individualism and a deep suspicion about capitalism which they believe risks the destruction of long held loyalties and obligations Where American students in their more reflective moments long for more durable links than they currently have the bonds that constrain the freedoms Middle Eastern students imagine the modern world offers at once frighten them and enkindle their imagination When pondering suffering American students tend to believe its causes can be engineered away through better education and the advances of science Middle Eastern students tend still to offer religious accounts but are also enticed by the answers Americans give and wonder if the two accounts can coexist at all Moving back and forth between self understandings in America and in the Middle East Mitchell offers a framework for understanding the common challenges in both regions and highlights the great temptation both will have to overcome rejecting the seeming incoherence of the democratic age and opting for one or another scheme to re enchant the world Whether these schemes take the form of various purported Islamic movements in the Middle East or the form of enchanted nationalism in American and in Europe the remedy sought will not cure the ailment of the democratic age About this Mitchell comes to the defense Tocqueville long ago offered the dilemmas of the democratic age can be courageously endured but they cannot be resolved We live in a time rife with mutual misunderstandings between America and the Middle East Tocqueville in Arabia offers a guide to the present troubled times leavened by the author's hopes about the future
