The Loner:

The Loner Bradley G. Andrus,2002-10-27 Some killers kill for money Some kill for fame Still others kill for revenge The Loner had a different motive He killed to prove his point For too many years he sat by as things remained the same The Loner wanted to change the way things were and when the opportunity presented itself he decided he had to take IT Detective Darnell Simms is in charge of finding this serial killer and bringing him to justice dead or alive Darnell prefers to take the killer alive but when the case takes a turn and those people closest to him are affected Darnell no longer cares if the killer is found alive The Loner Diana Palmer,2023-04-25 You just can t do better than a Diana Palmer story to make your heart lighter and smile brighter Fresh Fiction Diana Palmer is an amazing storyteller RT Book Reviews The new uplifting romance from the New York Times bestselling author *The Loner* Lindsay McKenna,2013-08-02 In all her years as deputy sheriff Shelby Kincaid never met a man as stubborn as Dakota Carson Practically eaten by a grizzly bear and still that man insists on returning alone to his isolated cabin in the Tetons *The Loner* Noel Langley,1967 **The Loner** George Gilman,George G. phenomena going beyond familiar cases dealing with race ethnicity and gender to examine such outsiders as renegade children conservative Christians and the physically and mentally disabled And because women are especially subject to the effects of marginalization feminist concerns and the marginalization of sexual practices provide a common denominator for many of the essays From problems posed by complimentary racism to the status of gays in Tony Blair s England from the struggle of Native Americans to preserve their identities to the singular problems of single mothers Identity on the Margin takes in a broad spectrum of cases to provide theoretical analysis and ethical criticism of the mechanisms of identity formation at the edges of society In all of the cases the authors demonstrate the need for theory that initiates social change by considering the ethical implications of marginalization and criticizing its harmful effects Bringing together accounts of marginalization from many different disciplines and perspectives this collection addresses a broad audience in the humanities and social sciences It offers a basis for enhancing our understanding of this process and for working toward meaningful social change
