

# Distance

It'll be heartache  
It'll be crying  
And it'll take will  
To keep on trying

It's not for the weak  
Or those afraid of pain  
It's for two hearts  
That are one in the same

It won't be easy  
This much is true  
And it can't be done alone  
It'll take two

We'll see each other  
Every now and then  
And savor those moments  
'Til we're together again

Because distance isn't about  
Being far apart  
It's about surviving  
With only half a heart

But we'll survive  
Because our love is true  
And you love me  
As much as I love you

Long Distance Aleda Shirley, 1996      **Between the Miles: Poetic Whispers of Long-Distance Love** Pastor Yves Gerard, 2025-03-04 *Between the Miles Poetic Whispers of Long Distance Love* is an evocative collection that captures the essence of love stretched across distances where the heart beats in one place and its echo resounds miles away This anthology is a tender exploration of the unique challenges joys and vulnerabilities that accompany relationships separated by space but intertwined by unbreakable bonds Through a symphony of words this book celebrates the silent yet profound language of love spoken through midnight texts handwritten letters fleeting phone calls and cherished video chats Each poem is a whisper a longing and a promise that transcends physical barriers reminding us that love no matter how far apart is a force that unites The pages brim with raw emotion aching longing exhilarating hope and the bittersweet ache of missing someone deeply From the quiet sadness of airports and goodbye kisses to the electrifying anticipation of reunions this collection captures the full spectrum of long distance relationships It speaks to the hearts of those who know what it means to love someone in a different timezone yet feel their presence in every moment *Between the Miles* isn't just about the pain of separation it's also a celebration of resilience trust and the boundless nature of love It's a testament to the power of connection that defies geography and thrives on the whispers of faith and unwavering devotion This poetic journey will resonate with anyone who has ever yearned for someone far away offering solace in knowing they are not alone It is a gentle reminder that distance is a test not a barrier and that true love can bridge even the widest of gaps With its heartfelt verses and deeply relatable themes this collection serves as both a companion and a tribute to the enduring beauty of long distance love

**Reading Time in the Long Poem** Tess Somervell, 2022-10-19 *Reading Time* tells the story of the long poem in the long eighteenth century as it navigated between narrative and description progress and digression and time and space The long poem emerged between 1660 and 1850 as a medium in which poets could shape and reshape time Analysing Milton's *Paradise Lost* Thomson's *The Seasons* and Wordsworth's *The Prelude* this study reveals how these poets used both the content and form of their long poems to intervene in contemporary debates about the temporalities of free will nature and identity *Reading Time* argues that they use the figure of the prospect the extended landscape to imagine time as a space onto which different causal configurations could be mapped In turn readers have approached these poems as both temporal and spatial forms as linear processes and as static structures demonstrating how the long poem can shape a reader's own experience of time

[The Oxford Handbook of Contemporary British and Irish Poetry](#) Peter Robinson, 2013-09-26 *The Oxford Handbook of Contemporary British and Irish Poetry* offers thirty eight chapters of ground breaking research that form a collaborative guide to the many groupings and movements the locations and styles as well as concerns aesthetic political cultural and ethical that have helped shape contemporary poetry in Britain

and Ireland The book's introduction offers an anthropological participant observer approach to its variously conflicted subjects while exploring the limits and openness of the contemporary as a shifting and never wholly knowable category The five ensuing sections explore a history of the period's poetic movements its engagement with form technique and the other arts its association with particular locations and places its connection with and difference from poetry in other parts of the world and its circling around such ethical issues as whether poetry can perform actions in the world can atone redress or repair and how its significance is inseparable from acts of evaluation in both poets and readers Though the book is not structured to feature chapters on authors thought to be canonical on the principle that contemporary writers are by definition not yet canonical the volume contains commentary on many prominent poets as well as finding space for its contributors enthusiasms for numerous less familiar figures It has been organized to be read from cover to cover as an ever deepening exploration of a complex field to be read in one or more of its five thematically structured sections or indeed to be read by picking out single chapters or discussions of poets that particularly interest its individual readers Thirty Love Poems C.
