A THREE PART BOOK: Anti-Semitism: The Longest Hatred / World War II / WWII Partisan Fiction Tale Sheldon Cohen, 2017-10-20 Two parts of this three part book are based upon fact anti Semitism and World War 2 One part of this book represents a fiction tale involving World War 2 Jewish refugees and Russian army soldiers teamed up for behind the lines partisan warfare against the invading Nazi army *The Longest Hatred* Robert Solomon Wistrich, 1991

End-Times Antisemitism Olivier Melnick, 2018-05-30 Often known as The Oldest Hatred anti Semitism has been punctuating Jewish history since biblical days As history's timeline moved towards modernism anti Semitism evolved with the times Originally it was theological anti Judaism that grew into social and geographical ostracism eventually culminating into racial hatred and ethnic cleansing during the Holocaust In our postmodern era a new anti Semitism has come on the scene It is cloaked in a garment of social justice and tolerance that to this day continues to turn the victims into the perpetrators as people claim to be anti Zionists or anti Israel but certainly not anti Semitic anymore Yet more recently as documented in this book classical anti Semitism has merged with the New anti Semitism to create a new breed of Jew hatred that I call Eschatological anti Semitism or End Times anti Semitism I posit that this anti Semitism of the Last Days is different from all his predecessors and much more lethal as well Biblically it is Israel's enemy's Satan last attempt at completely annihilating the Jews This author will compare the different anti Semitisms historically culturally and biblically as well as expose the current increasing danger of End Times anti Semitism More than an expos this book will also offer to equip the reader with the Judeo Christian principles necessary to fight this final evil against the Jewish people

Shedding Light on the Darkness Nancy Ann Lauckner, Miriam Jokiniemi, 2000 Increasingly German Studies programs include courses on the Holocaust but suitable course materials are often difficult to find Teachers in higher education will therefore very much welcome this volume that examines and reflects both the practical and theoretical aspects of teaching about the Holocaust Though designed primarily by and for North American Germanists and German Studies specialists this book will prove no

less useful for teachers in other countries and associated disciplines It presents and describes successful Holocaust related courses that have been developed and taught at U S and Canadian colleges and universities demonstrating the depth breadth and variety of such offerings while remaining mindful of the instructor s special moral responsibilities Reflecting as it does the innovative Holocaust pedagogy in North American German and German Studies this collection serves the needs of educators who wish to revise or update their existing Holocaust courses and of those who are seeking guidance ideas and resources to enable them to develop their first Holocaust course or unit The Longest Night Petros Charēs,1985
