

# Which Cars Have the Longest Potential Lifespan

The general consensus today is that a new car should last about 200,000 miles. This data from iSeeCars shows which models are most likely to actually achieve this feat.

# The Longest Years

**Alexander Wood Renton**

## **The Longest Years:**

*The Longest Year* Stan Crader, 2013 Like all of his friends Tommy Thompson dreams of obtaining the ultimate ticket to freedom a driver's license. Unlike all of his friends Tommy has just turned fifteen. He'll have to watch everybody else pass their tests before he's old enough to take his. But life goes on for the band of boys despite Tommy's consuming obsession. His best friend Booger takes up the guitar. His buddy Everett dates a girl from a rival school and discovers that her classmates aren't altogether happy about it. Longtime romantic interest Melody tests her newly minted driving skills on the railroad tracks. And Tommy receives an unexpected gift one that just might make the longest year of his life go by a little quicker. The third in Stan Crader's Colby series *The Longest Year* will bring a smile to your face as you remember the trials and tribulations of your own youth. Amazon.com

1972, *The Longest Year in History, Volume 3* Blake Lee Mahon, 1999-01-01 In 1972 The Longest Year in History Volume 3 Blake Lee Mahon turns to the quieter battlefields of the Cold War those fought not with guns and bombs but with pawns queens and global television cameras. As wars raged in Vietnam and the memory of the Munich massacre was still raw the world stopped to watch a different kind of confrontation unfold in Reykjavik Iceland. There Bobby Fischer the enigmatic American prodigy challenged Boris Spassky the Soviet Union's reigning champion and symbol of intellectual supremacy. Their chess match became far more than a game it was East versus West distilled into sixty four squares a bloodless war fought with silence and brilliance. Reporters treated every move as a military maneuver every pause as a diplomatic crisis. Even Henry Kissinger called Fischer urging him to play for the honor of the country. But beyond grandmasters and geopolitics this was the year the world learned that no arena no matter how sacred was safe from violence. The Munich Olympic Games intended to showcase peace and a new face of Germany became the stage for one of the most shocking acts of terrorism in modern history. Black September's assault on the Israeli athletes shattered the illusion of Olympic innocence and the botched rescue attempt at F rstenfeldbruck turned tragedy into catastrophe. While Fischer rose as America's unlikely hero the world mourned the slain athletes and realized that ideology could invade even the spaces built for unity. Volume 3 is a haunting contrast triumph of mind against machine in Iceland and the brutal fragility of peace in Munich. This is the story of how 1972 forced humanity to question what victory honor and safety truly meant.
