**The Looney's Grotto** James Gordon,2002-07-29 The Looney's Grotto is an action adventure with a gothic horror twist This is a decadent and depraved tale whereby the victim becomes the predator He invents an estranged underworld for his animals and ally When the victim becomes the predator he literally enslaves his adversaries refers to them as animals and treats them as such They in return referred to him as the looney but never in his presence The looney acquires an ally that was so mistreated by two of the animals that she became slightly deranged She seeks payback by assiting the looney in reprimanding the animals in various unique forms of chastening and discipline Most of which were considered appropriate in years past but would be frowned upon in our so called civilized world The obstacles he has to overcome are many as well as heroic in nature Self sacrifice and determination play a large part in his journey toward his goal [Caving Basics](#) ,1982
