Hans Christian Andersen s entrancing tale of love set between land and sea is retold by renowned storyteller Geraldine McCaughrean and brought to life in magical silhouette artwork by illustrator Laura Barrett When she falls in love with a prince the little mermaid persuades a sea witch to replace her tail with legs so she can live on land But the price demanded by the wicked sea witch is great the mermaid s beautiful voice *The Penguin Book of Mermaids* Cristina Bacchilega,Marie Alohalani Brown,2019-10-08 Includes The Little Mermaid now a major motion picture from Disney starring Halle Bailey and directed by Rob Marshall Dive into centuries of mermaid lore with these captivating tales from around the world A Penguin Classic Among the oldest and most popular mythical beings mermaids and other merfolk have captured the imagination since long before Ariel sold her voice to a sea witch in the beloved Disney film adaptation of Hans Christian Andersen s The Little Mermaid As far back as the eighth century B C sailors in Homer s *Odyssey* stuffed wax in their ears to resist the Sirens who lured men to their watery deaths with song More than two thousand years later the gullible New York public lined up to witness a mummified mermaid specimen that the enterprising showman P T Barnum swore was real The Penguin Book of Mermaids is a treasury of such tales about merfolk and water spirits from different cultures ranging from

Scottish selkies to Hindu water serpents to Chilean sea fairies A third of the selections are published here in English for the first time and all are accompanied by commentary that explores their undercurrents showing us how public perceptions of this popular mythical hybrid at once a human and a fish illuminate issues of gender spirituality ecology and sexuality For more than seventy five years Penguin has been the leading publisher of classic literature in the English speaking world With more than 2 000 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators The little mermaid H. C. Andersen,Per Eilstrup,1972 Tales, Then and Now Anna E. Altmann,Gail de Vos,2001-10-15 Altmann and de Vos are back with more great ideas for exploring contemporary reworkings of classic folk and fairy tales that appeal to teen readers If you loved New Tales for Old Libraries Unlimited 1999 this new work will be sure to please Following the same format each story includes tale type numbers motifs and lists of reworkings arranged by genre and suggestions for classroom extensions INSIDE Beauty and the Beast Jack and the Beanstalk Tam Lin Thomas the Rhymer and five fairy tales by Hans Christian Andersen Women, Judging and the Judiciary Erika Rackley,2013 Awarded the 2013 Birks Book Prize by the Society of Legal Scholars Women Judging and the Judiciary expertly examines debates about gender representation in the judiciary and the importance of judicial diversity It offers a fresh look at the role of the woman judge and the process of judging and provides a new analysis of the assumptions which underpin and constrain debates about why we might want a more diverse judiciary and how we might get one Through a theoretical engagement with the concepts of diversity and difference in adjudication Women Judging and the Judiciary contends that prevailing images of the judge are enmeshed in notions of sameness and uniformity images which are so familiar that their grip on our understandings of the judicial role are routinely overlooked Failing to confront these instinctive images of the judge and of judging however comes at a price They exclude those who do not fit this mould setting them up as challengers to the judicial norm Such has been the fate of the woman judge But while this goes some way to explaining why despite repeated efforts our attempts to secure greater diversity in our judiciary have fallen short it also points a way forward For by getting a clearer sense of what our judges really do and how they do it we can see that women judges and judicial diversity more broadly do not threaten but rather enrich the judiciary and judicial decision making As such the standard opponent to measures to increase judicial diversity the necessity of appointment on merit is in fact its greatest ally a judiciary is stronger and the justice it dispenses better the greater the diversity of its members so if we want the best judiciary we can get we should want one which is fully diverse Women Judging and the Judiciary will be of interest to legal academics lawyers and policy makers working in the fields of judicial diversity gender and adjudication and more broadly to anyone interested in who our judges are and what they do **The Little Mermaid** Hans Christian Andersen,2017-09-12 The Little Mermaid A Children s Classic Hans Christian Andersen The Little
