**The Long Road Home** David J. Toynton,2024-05-24 This narrative unfolds the life of Ernst a young German soldier during World War II caught at the crossroads of duty and family loyalty stretched between Germany and England At nineteen Ernst navigates the tumult of his own moral dilemmas against the backdrop of a war torn landscape accompanied by an officer who has vowed to see him safely home As we journey through the pages we're drawn into the visceral experiences of war torn Germany Nightly as Ernst and his comrades traverse the roads under the cover of darkness the ominous hum of bombers overhead is palpable each man acutely aware that their loved ones are in the crosshairs In the daybreak's light the crimson hue of their burning cities stains the horizon a constant reminder of the devastation being wrought upon their homeland The story doesn't shy away from the shared fear and terror that grips both German and American soldiers delving into the harrowing plight of US troops captured and held as prisoners of war Despite the hospital's eerie quiet indicating few casualties are being brought in the war's end in 1945 doesn't immediately herald peace for Ernst and his comrades It's not until four years later that they can finally part ways Returning to a country he can call home Ernst confronts the suspicion and distrust from those around him It is during this turbulent time that he meets a young woman who helps to heal the bitterness of war Together they embark on a life filled with hope leaving the shadows of the past behind as they step into a shared future

**The Long Road Home** Highly Favored,2014-06-24 My life was a disaster from birth I didn't think that it was worth living when something tragic happens to someone it was not easy to walk away and forget The pain and suffering the hurt brought me by someone I loved and looked up to who was my protector Who later made my life a living hell I couldn't understand why things had to go wrong and it had to be me out of all people But when God has a plan or a calling on your life you will go through turmoil storms and trials death seen and unseen and come out a new creature Remember before I tell my story that you are not junk a looser or a mistake God doesn't make mistakes he makes diamonds from coals

*Seeds of Hope and Destruction. How Europe's Refugee Inaction Threatens to Undermine its Own Security* Joe Majerus,2015-11-18 Essay from the year 2015 in the subject Politics General and Theories of International Politics language English abstract This essay presents arguments for and against Europe s handling of the refugee crisis Both morality and historical experience require nothing less of us than rendering refugees our full and unrelenting assistance in the most trying stage of their lives Just as important however failure to help them while we still can might also entail dire long term consequences for our own long term safety and security notably by presenting Islamic extremists with the very means mindsets and social environments necessary for waging war against us on a trans national scale Accordingly this is the time for all of us citizens and politicians alike to rise up in a common effort to the arguably most daunting and formidable challenge facing Europe in this day and age This is the time for giving back to other fellow human beings in need of our support just a little bit of that relative comfort security and ease which we ourselves have been enjoying for so long now and which we all too often take for granted as being but our own god given birthright or prerogative This is the time to realize that most of the people now seeking shelter and refuge with us from the anguish and unimaginable horrors in their native countries have no intention whatsoever to forcibly wrest away our economic privileges nor to undercut our established values and modes of living That instead they merely wish to share in the same basic human rights we all hold so dear peace stability and above all freedom from fear want and persecution And finally this is also the time to link the current refugee crisis more closely to distinct geopolitical issues and concerns notably by more systematically considering the wider strategic setbacks likely to be incurred in the event that national leaders prove unable to devise applicable solutions to the real human suffering endemic to this harrowing tragedy
