The Lost Light:

The Lost Light: An Interpretation of Ancient Scriptures Alvin Boyd Kuhn, 2021-11-09T22:55:00Z Kuhn contended that the Bible derived its origins from other Pagan religions and that much of Christian history was pre extant as Egyptian mythology. He also proposed that the Bible was symbolic and did not depict real events and argued that the leaders of the church started to misinterpret the bible at the end of the third century. These controversial ideas outside of mainstream history and theology are rejected by most pre eminent scholars but many including Tom Harpur and John G Jackson were influenced by the works of Kuhn. Harpur even dedicated his best selling 2004 book *The Pagan Christ* to Kuhn calling him a man of immense learning and even greater courage and one of the single greatest geniuses of the twentieth century who towers above all others of recent memory in intellect and his understanding of the world's religions.

The story is interesting because the people of the book the target audience are people who have been lost their identity lost and stolen and have not known who they are or where they come from for thousands of years until now. It's relevant because it's the truth and the truth shall make us free. Regardless if the message is for you or not I hope you obtain an understanding of the purpose of the book and the message it's conveying to its audience. Readers will be able to see the truth and hopefully understand that much of the current religions are teaching a false Christ and a deceiving message to the people.
