Slavoj Zizek

Slavoj Zizek:

Slavoj Žižek Tony Myers,2003 Tony Myers provides a clear and engaging guide to Zizek s key ideas explaining the main influences on Zizek s thought most crucially his engagement with Lacanian psychoanalysis using examples drawn from popular culture and everyday life *Slavoj Zizek. Over Lacan, Hitchcock en Bosnië* Stefan Hertmans,Slavoj Zizek,Thomas Elsaesser,Christel Van Boheemen,Marc De Kesel,1995

Slavoj Žižek: Live Theory Rex Butler,2005-01-01 Slavoj i ek is

undoubtedly one of the world s leading cultural critics His witty psychoanalytically inspired analyses of contemporary society have almost single handedly revived the notion of ideology His brilliant commentaries on the French psychoanalyst Jacques Lacan and the 19th century German Idealists have brought alive their often difficult ideas for a new generation of readers But does i ek have anything to say in his own right Is there a system of thought that we can properly call i ekian This book argues that there is through a reading of two terms in his work the master signifier and the act Featuring an interview with i ek himself Slavoj i ek Live Theory presents a snapshot of the i ek system ideal for undergraduates in social and cultural theory and philosophy Welcome to the Desert of the Real! Slavoj Žižek,2002 Probing beneath the level of TV punditry

Zizek offers a highly original and readable account that serves as a fascinating and insightful comprehension of the events of September 11 *Slavoj Zizek* Ian Parker,2004-03-20 When I read Ian Parker s manuscript I experienced an underlying

solidarity despite obvious differences we share the same basic political concerns and visions And this makes his critical remarks always pertinent Slavoj Zizek This is not simply the best critical introduction to Zizek in a much more radical sense this is the only critical introduction to Zizek Parker s study is much more than an important contribution to the ongoing

debate it redefines its very terms Yannis Stavrakakis author of Lacan and the Political A sharp clear and radical analysis Christian Ingo Lenz Dunker Professor of Psychoanalytic Theory and Lacanian Psychoanalyst Sao Paulo Brazil Since the publication of his first book in English in 1989 Slavoj Zizek has quickly become one of the most widely read and contentious

intellectuals alive today With dazzling wit and tremendous creativity he has produced innovative and challenging explorations of Lacan Hegel and Marx and used his insights to exhilarating effect in analyses of popular culture While Zizek is always engaging he is also elusive and even contradictory It can be very hard to finally determine where he stands on a particular issue Is Zizek Marxist or Post Marxist How seriously should we take his recent turn to Christianity Slavoj Zizek A Critical Introduction shows the reader a clear path through the twists and turns of Zizek s writings Ian Parker takes Zizek s

treatment of Hegel Lacan and Marx in turn and outlines and assesses Zizek s interpretation and extension of these thinkers theories While Parker is never hastily dismissive of Zizek s innovations he remains critical throughout aware that the energy of Zizek s writing can be bewitching and beguiling as well as engaging and profound **Slavoj Žižek** Mattheu

Sharpe,2017-05-15 Slavoj Zizek has emerged as the pre eminent European cultural theorist of the last decade and has been described as the ultimate Marxist Lacanian cultural studies scholar His large and growing body of work has generated

considerable controversy yet his texts are not structured as standard academic tomes In Slavoj Zizek A Little Piece of the Real Matthew Sharpe undertakes the difficult task of drawing out an evolving argument from all of Zizek's texts from 1989 to 2001 and reads them as the bearers of a single theoretical project providing an authoritative reliable clearly written and well structured account of Zizek's demanding body of work From an exposition of Zizek's social and philosophical critical theory the book moves to a critical analysis of Zizek's theoretical project and its political implications Sharpe concludes by suggesting that Zizek's work however raises as many questions as it answers questions both about Zizek's theoretical system and to the wider new Left in today's world *Introducing Slavoj Zizek* Christopher Kul-Want, 2014-06-05 Charting his meteoric rise in popularity Christopher Kul Want and Piero explore Zizek's timely analyses of today's global crises concerning ecology mounting poverty war civil unrest and revolution Covering topics from philosophy and ethics politics and ideology religion and art to literature cinema corporate marketing quantum physics and virtual reality Introducing Slavoj Zizek deftly explains Zizek's virtuoso ability to transform apparently outworn ideologies Communism Marxism and psychoanalysis into a new theory of freedom and enjoyment *Slavoj Zizek and Dialectical Materialism* Agon Hamza, Frank Ruda, 2016-01-26 This book is the first volume to bring together the most prominent scholars who work on Slavoj i ek's philosophy examining and interrogating his understanding of dialectical materialism It deserves to be thoroughly and systematically elaborated because it attempts to propose a new foundation for dialectical materialism *The Ticklish Subject* Slavoj Žižek, 2000 With his characteristic wit Zizek addresses the burning question of how to reformulate a leftist project in an era of global capitalism and liberal democratic multiculturalism Copyright Libri GmbH All rights reserved

Slavoj Žižek and Radical Politics Sean Homer, 2016-05-05 In this book Sean Homer addresses Slavoj i ek's work in a specific political conjuncture his political interventions in the Balkans The charge of inconsistency and contradiction is frequently levelled at i ek's politics a charge he openly embraces in the name of pragmatism Homer argues that his interventions in the Balkans expose the dangers of this pragmatism for the renewal of the Leftist politics that he calls for The book assesses i ek's political interventions in so far as they advance his self proclaimed ruthlessly radical aims about changing the world Homer argues the Balkans can be seen as i ek's symptom that element which does not fit into the system but speaks its truth and reveals what the system cannot acknowledge about itself In Part II Homer explores i ek's radicalism through his critique of Alain Badiou arguing that Badiou's affirmationism provides a firmer grounding for the renewal of the left than i ek's negative gesture analyzed in Part I What distinguishes i ek from the majority of the contemporary Left today is his valorization of violence Homer tackles this issue head on in relation to political violence in Greece Finally Homer defends the utopian impulse on the radical left against its Lacanian critics **The Symbolic, the Sublime, and Slavoj Zizek's Theory of Film** M. Flisfeder, 2016-01-20 Returning to questions about ideology and subjectivity Flisfeder argues that Slavoj i ek's theory of film aims to re politicize film studies and film theory bringing cinema into the fold of twenty first century

politics **Violence** Slavoj Zizek,2008-07-22 Philosopher cultural critic and agent provocateur Slavoj i ek constructs a fascinating new framework to look at the forces of violence in our world Using history philosophy books movies Lacanian psychiatry and jokes Slavoj i ek examines the ways we perceive and misperceive violence Drawing from his unique cultural vision i ek brings new light to the Paris riots of 2005 he questions the permissiveness of violence in philanthropy in daring terms he reflects on the powerful image and determination of contemporary terrorists Violence i ek states takes three forms subjective crime terror objective racism hate speech discrimination and systemic the catastrophic effects of economic and political systems and often one form of violence blunts our ability to see the others raising complicated questions Does the advent of capitalism and indeed civilization cause more violence than it prevents Is there violence in the simple idea of the neighbour And could the appropriate form of action against violence today simply be to contemplate to think Beginning with these and other equally contemplative questions i ek discusses the inherent violence of globalization capitalism fundamentalism and language in a work that will confirm his standing as one of our most erudite and incendiary modern thinkers

The subject of politics : Slavoj Žižek's political philosophy Henrik Jøker Bjerre,Carsten Bagge Laustsen,2010 A study of Slavoj 1 2i 3 4ek s political philosophy Focusing on the combination of psychoanalytic theory and philosophy the book offers an overview of 1 2i 3 4ek s analysis of contemporary society In five chapters the reader is introduced to 1 2i 3 4ek s method his view of the political impasse in the postmodern world and his suggestion for a way ahead to renewed action and political invention Rich in examples the book gives an engaging and entertaining tour around the landscape of 1 2i 3 4ek s political endeavour while at the same time insisting on a more systematic and piecemeal approach than the Slovenian tends to offer himself

Did Somebody Say Totalitarianism? Slavoj Zizek,Slavoj Žižek,2002 Totalitarianism as an ideological notion has always had a precise strategic function to guarantee the liberal democratic hegemony by dismissing the Leftist critique of liberal democracy as the obverse the twin of the Rightist Fascist dictatorships Instead of providing yet another systematic exposition of the history of this notion _i_ek s book addresses totalitarianism in a Wittgensteinian way as a cobweb of family resemblances He concludes that the devil lies not so much in the detail of what constitutes totalitarianism as in what enables the very designation totalitarian the liberal democratic consensus itself

The Metastases of Enjoyment Slavoj Zizek,2005 A disturbing and radical examination of the status of women and the role of violence in contemporary culture and politics

Geloof Slavoj Zizek,2003-08-27 Hoe kunnen we nog geloven en regels hebben in dit postmoderne tijdperk waarin naar verluidt niets is om in te geloven en geen regels zijn De beroemde filosoof en onstuitbaar cultuurcriticus Slavoj Zizek daagt iedereen uit in dit overtuigende en adembenemende nieuwe boek In Geloof dat van cyberspace denken tot de paradox van het westerse boeddhistische gaat legt Zizek de vooronderstellingen bloot achter de manier waarop we gewoonlijk over geloof denken met name in judaisme en christendom Door de zogenaamde authenticiteit van het religieuze geloof tegen een kritisch licht te houden en te putten uit psychoanalyse film en filosofie laat hij op schokkende wijze zien dat de basis van onze

fundamenteelste overtuigingen minder rotsvast is dan wij denken **The Sublime Object of Ideology** Slavoj Žižek, 1989 In this provocative and original work Slavoj Zizek takes a look at the question of human agency in a postmodern world. From the sinking of the Titanic to Hitchcock's Rear Window from the operas of Wagner to science fiction from Alien to the Jewish Joke the author's acute analyses explore the ideological fantasies of wholeness and exclusion which make up human society. Linking key psychoanalytical and philosophical concepts to social phenomena such as totalitarianism and racism the book explores the political significance of these fantasies of control. In so doing The Sublime Object of Ideology represents a powerful contribution to a psychoanalytical theory of ideology as well as offering persuasive interpretations of a number of contemporary cultural formations. The Year of Dreaming Dangerously Slavoj Zizek, 2012-10-09 Call it the year of dreaming dangerously 2011 caught the world off guard with a series of shattering events. While protesters in New York Cairo London and Athens took to the streets in pursuit of emancipation obscure destructive fantasies inspired the world's racist populists in places as far apart as Hungary and Arizona achieving a horrific consummation in the actions of mass murderer Anders Breivik. The subterranean work of dissatisfaction continues. Rage is building and a new wave of revolts and disturbances will follow. Why? Because the events of 2011 augur a new political reality. These are limited distorted sometimes even perverted fragments of a utopian future lying dormant in the present

Traversing the Fantasy Jason Glynn, 2017-11-30 Slavoj Zizek is one of the most provocative and important thinkers writing in contemporary philosophy. This book is an engaged debate with Zizek. It contains a series of specially commissioned critical essays from an impressive collection of contributors covering the full extent of his oeuvre. Essays examine Zizek on cultural theory film studies ethics political theory social theory Kant and Lacanian psychoanalysis. In the spirit of Zizek's own interventions these essays critically interrogate his ideas challenging him to respond directly which he does in an extended polemical reply that concludes the collection. This volume represents an exciting and important contribution to contemporary theoretical debate and adds significantly to the growing literature on Zizek

In Defense of Lost Causes Slavoj Zizek, 2009-10-19 In this combative major work philosophical sharpshooter Slavoj Zizek looks for the kernel of truth in the totalitarian politics of the past. Examining Heidegger's seduction by fascism and Foucault's flirtation with the Iranian Revolution he suggests that these were the right steps in the wrong direction. On the revolutionary terror of Robespierre Mao and the Bolsheviks Zizek argues that while these struggles ended in historic failure and horror there was a valuable core of idealism lost beneath the bloodshed. A redemptive vision has been obscured by the soft decentralized politics of the liberal democratic consensus. Faced with the coming ecological crisis Zizek argues the case for revolutionary terror and the dictatorship of the proletariat. A return to past ideals is needed despite the risks. In the words of Samuel Beckett Try again Fail again Fail better
