The Little Paper That Grew Inside The Toronto Sun Publishing Corporation:

Toronto Allan Levine, 2014-09-13 With the same eye for character anecdote and circumstance that made Peter Ackroyd's London and Colin Jones's Paris so successful Levine's captivating prose integrates the sights sounds and feel of Toronto with a broad historical perspective linking the city's present with its past through themes such as politics transportation public health ethnic diversity and sports Toronto invites readers to discover the city's lively spirit over four centuries and to wander purposefully through the city's many unique neighborhoods where they can encounter the striking and peculiar characters who have inhabited them the powerful and powerless the entrepreneurs and the entertainers and the moral and the corrupt all of whom have contributed to Toronto's collective identity **The Little Paper that Grew** Jean Sonmor, Toronto Sun Publishing Corporation, 1993-01-01 International Books in Print, 1995 Barbara Hopkinson, [Anonymus AC01401231], 1995

Toronto Mike Filey, 2008-10-27 For decades Toronto historian Mike Filey has regaled readers with stories of the city's past through its landmarks neighbourhoods streetscapes social customs pleasure palaces politics sporting events celebrities and defining moments Now in one lavishly illustrated volume he serves up the best of his meditations on everything from the Royal York Hotel the Flatiron Building and the Necropolis to Massey Hall the Palais Royale and the Canadian National Exhibition with streetcar jaunts through Cabbagetown the Annex Rosedale and Little Italy and trips down memory lane with Mary Pickford Glenn Miller Bob Hope and Ed Mirvish Filey recounts in vivid detail the devastation of city disasters such as Hurricane Hazel and the Great Fire of 1904 and spins yarns about doughnut shops old and new milk deliveries by horse swimming at Lake Ontario's beaches Sunday blue laws and how both World Wars affected Torontonians **More Perishable Than Lettuce Or Tomatoes** Edward T. Silva, 1995 This book presents an in depth analysis of the unbalanced treatment by the four largest Toronto dailies of the Ontario NDP's 1992 proposed labour reform law **Canadian Periodical Index**, 1996 **Royal Commission on Newspapers** Canada. Royal Commission on Newspapers, 1981 *Press and Public* Leo Bogart, 2023-01-06 This book reviews the challenges that face American newspapers at the end of the 1980s after a decade of circulation losses for many dailies and several decades of accelerating social change It describes how content of newspapers is changing in the context of a discussion of the nature of news Saturday Night, 1990 **The Financial Post Survey of Industrials**, 1993 *Directions 2*, 1990-07 *Crash to Paywall* Brian Gorman, 2015-10-16 In 2014 when Postmedia acquired Quebecor's Sun Media newspaper and online assets there was a sense that the recent history of newspapers was repeating itself not as comedy or tragedy but as eulogy Crash to Paywall shows that while the newspaper business was weakened by decreases in advertising revenues and circulation much of its problems stem from self inflicted damage and business practices dating back to the 1970s Brian Gorman explores the Canadian newspaper industry crisis and the relationship between the news media and the public He challenges both the popular mantra that a perfect storm of unforeseen circumstances blindsided a declining industry and the narrative that readers were abandoning newspapers

causing advertisers to turn away from dying media Gorman argues that observers had been warning for decades that the business was creating its own problems by acquiring ever larger debt and shareholder obligations while steadily cutting back on journalists resources Finally by providing journalism for free online newspaper companies devalued their most important resource and impaired their profitable print products With dozens of interviews conducted with leading Canadian journalists and editors Crash to Paywall brings to light the many misconceptions generalizations omissions and highly suspect conclusions about the present state of newspapers and their future
