

The Logic of Marx's *Capital* Replies to Hegelian Criticisms

Tony Smith

The Logic Of Marxs Capital Replies To Hegelian Criticisms

RM Cervero

The Logic Of Marx's Capital Replies To Hegelian Criticisms:

The Logic of Marx's Capital Tony Smith, 1990-07-05 Beginning with value and commodity at the start of Volume I in Marx's major work and progressing step by step to the end of Volume III Smith establishes in detail that Capital is a systematic theory of socio economic categories ordered according to dialectical logic At each stage in his analysis of the theory Smith makes Marx's arguments more accessible He also considers in depth the objections to Marx's employment of dialectical logic that have been formulated by Hegelians especially those presented in Klaus Hartmann's *Die Marxsche Theorie* Smith presents a persuasive case against this whole range of Marx criticisms many of which have also been proposed from non Hegelian standpoints

The Hegel-Marx Connection T. Burns, I. Fraser, 2000-07-19 A major and timely re examination of key areas in the social and political thought of Hegel and Marx The editors extensive introduction surveys the development of the connection from the Young Hegelians through the main Marxist thinkers to contemporary debates Leading scholars including Terrell Carver Chris Arthur and Gary Browning debate themes such as the nature of the connection itself scientific method political economy the Hegelian basis to Marx's Doctoral Dissertation human needs history and international relations

From Marx to Hegel and Back Victoria Fareld, Hannes Kuch, 2020-01-09 The relation between Hegel and Marx is among the most interpreted in the history of philosophy Given the contemporary renaissance of Marx and Marxist theories how should we re read the Hegel Marx connection today What place does Hegel have in contemporary critical thinking Most schools of Marxism regard Marx's inversion of Hegel's dialectics as a progressive development leaving behind Hegel's idealism by transforming it into a materialist critique of political economy Other Marxist approaches argue that the mature Marx completely broke with Hegel By contrast this book offers a wide ranging and innovative understanding of Hegel as an empirically informed theorist of the social political and economic world It proposes a movement from Marx to Hegel and back by exploring the intersections where the two thinkers can be read as mutually complementing or even reinforcing one another With a particular focus on essential concepts like recognition love revolution freedom and the idea of critique this new intervention into Hegelian and Marxian philosophy unifies the ethical content of Hegel's philosophy with the power of Marx's social and economic critique of the contemporary world

Hegel and Capitalism Andrew Buchwalter, 2015-08-31 Examines Hegel's unique understanding and assessment of capitalism as an economic social and cultural phenomenon Bringing together scholars from varying perspectives this book examines the value of Hegel's thought for understanding and assessing capitalism both as encountered by Hegel himself and in forms it takes today The contributors consider Hegel's complex and multifaceted appraisal of modern market societies which he understands variously as a condition for a proper account of individual freedom the framework for a productive account of social interdependency and the breeding ground for a host of social pathologies concerning individual consumption labor conditions and disparities in wealth between the rich and poor Hegel's ideas about the topic are situated in the context of work by other important thinkers including Adam Smith

Immanuel Kant J G Fichte Karl Marx Max Weber and Theodor Adorno along with contemporary social and economic theorists Demonstrating the value of Hegel s philosophy for addressing issues pertaining to capitalism today the essays bring insight to contemporary concerns such as resurgent neoliberalism economic globalization the subordination of ever more spheres of human life to the logic of economic imperatives and the adequacy of models of utility maximization for comprehending contemporary market societies Marx After Marxism Tom Rockmore,2008-04-30 Marx After Marxism encourages readers to understand Karl Marx in new ways unencumbered by political Marxist interpretations that have long dominated the discussions of both Marxists and non Marxists This volume gives a broad and accessible account of Marx s philosophy and emphasizes his relationship to Hegel Dialectics as Mode of Thought and Method in History Manolis Dafermos,2025-11-24 This book provides a thorough and panoramic exploration of dialectics presenting it as both a mode of thought and a method of inquiry deeply embedded in the history of human thought Rather than treating dialectics as a fixed system of abstract principles the book underscores both its dynamic character and its historical development Through careful examination of pivotal moments in dialectics across diverse historical periods and intellectual traditions the book illuminates how dialectics has continually evolved to address the pressing intellectual and social challenges of each era By tracing the historical trajectory of dialectics from its ancient spontaneous forms to its modern expressions the book highlights the significant transformations it has undergone over time The book also addresses the growing crisis in many fields dominated by reductionist and narrowly empirical approaches which have proved inadequate for capturing the complexity and dynamism of developmental processes In response it points to a resurgence of interest in dialectics as a powerful methodological alternative A central claim of the book is that the full potential of dialectics remains largely unrealised Far from being an obsolete relic of the past dialectics emerges as an essential method particularly for the study of complex dynamic systems Ultimately the book reconstructs the historical trajectory of dialectics and advocates its vital role in confronting the epistemological and methodological challenges of contemporary inquiry in an ever changing world The Bulletin of the Hegel Society of Great Britain ,1998 **Hegel and Marx** Ian Fraser,1998 This text introduces the concept of need as viewed by Hegel and Marx and places it within the context of modern need theories and theorists The book works through key texts including Hegel s Philosophy of Right and Marx s Capital and discusses the theory in relation to Soviet Communism and social democracy Covers key texts by Hegel and Marx studied by undergraduates on political theory courses Looks at political implications for modern need theory Accessible author makes good use of textual evidence Need theory is a major element of modern social theory *The Review of Metaphysics* ,1991 A Methodological Critique of Marx's Theory of Surplus Value Xin-Xiang Zhang,1991 **Marx's Method in Capital** Fred Moseley,1993 *Analytical and Dialectical Marxism* Ian Hunt,1993 **History, Economic History and the Future of Marxism** Tom Kemp,1996 **Dialectical Social Theory and Its Critics** Tony Smith,1993-01-01 That there is a Hegelian legacy in Marx s writings is not in dispute

There is great controversy however over the extent to which this legacy should be affirmed or rejected In fact the Hegelian orientation toward Marx and toward social theory in general has been largely rejected for at least a decade In *Dialectical Social Theory and Its Critics* Tony Smith challenges this position and thereby reopens a debate of critical importance to Marx Hegel studies that has significant implications for the nature of social theory in general In Part I Smith explores a number of aspects of the Hegelian legacy by means of a systematic dialectical reading limiting himself to themes that have either been overlooked or dealt with unsatisfactorily in recent scholarship In Part II he examines a number of recent arguments against the Hegelian legacy in Marxism formulated from the neo Kantian analytical Marxist and postmodernist perspectives advanced by Lucio Colletti Jon Elster and John Roemer and Jean Baudrillard respectively *Dialectical Social Theory and Its Critics* is more than an exercise in the history of ideas Its main aim and most significant accomplishment is to establish that dialectical social theory retains practical importance today and is in fact crucial to interdisciplinary attempts to construct a viable theory of the social world

Re-reading Marx Riccardo Bellofiore, Roberto Fineschi, 2009-01-05 This collection assesses the relevance of the historical and critical edition and includes analysis by leading scholars of specific themes in the Marxian critique of political economy using the new material available This detailed and fascinating book is essential reading for all seeking the best in contemporary Marxian analysis and theory

Radical Philosophy, 1991 *Canadian Philosophical Reviews*, 1991

The Thought of Karl Marx David McLellan, 1995 An introduction to the complex and often misrepresented ideas of Marx Surveys his published work in each period in chronological sequence

International Journal of Political Economy, 1997

The Handbook of Economic Methodology John Bryan Davis, D. Wade Hands, Uskali Mäki, 1998 The Handbook of Economic Methodology is a major multidisciplinary reference work on the developing field of economic methodology

This book delves into The Logic Of Marxs Capital Replies To Hegelian Criticisms. The Logic Of Marxs Capital Replies To Hegelian Criticisms is a crucial topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into The Logic Of Marxs Capital Replies To Hegelian Criticisms, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to The Logic Of Marxs Capital Replies To Hegelian Criticisms
 - Chapter 2: Essential Elements of The Logic Of Marxs Capital Replies To Hegelian Criticisms
 - Chapter 3: The Logic Of Marxs Capital Replies To Hegelian Criticisms in Everyday Life
 - Chapter 4: The Logic Of Marxs Capital Replies To Hegelian Criticisms in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of The Logic Of Marxs Capital Replies To Hegelian Criticisms. The first chapter will explore what The Logic Of Marxs Capital Replies To Hegelian Criticisms is, why The Logic Of Marxs Capital Replies To Hegelian Criticisms is vital, and how to effectively learn about The Logic Of Marxs Capital Replies To Hegelian Criticisms.
 3. In chapter 2, the author will delve into the foundational concepts of The Logic Of Marxs Capital Replies To Hegelian Criticisms. This chapter will elucidate the essential principles that need to be understood to grasp The Logic Of Marxs Capital Replies To Hegelian Criticisms in its entirety.
 4. In chapter 3, the author will examine the practical applications of The Logic Of Marxs Capital Replies To Hegelian Criticisms in daily life. This chapter will showcase real-world examples of how The Logic Of Marxs Capital Replies To Hegelian Criticisms can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of The Logic Of Marxs Capital Replies To Hegelian Criticisms in specific contexts. This chapter will explore how The Logic Of Marxs Capital Replies To Hegelian Criticisms is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about The Logic Of Marxs Capital Replies To Hegelian Criticisms. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of The Logic Of Marxs Capital Replies To Hegelian Criticisms.
