The Longest Dream:

The Longest Year Victor Brooks, 2015-08-25 The D Day invasion of Nazi occupied Europe launched on June 6 1944 is widely referred to as the longest day of World War Two Historian Victor Brooks argues that 1944 was in effect the longest year for Americans of that era both in terms of United States casualties and in deciding the outcome of war itself Brooks also argues that only the particular war events of 1944 could have produced the reshuffling of the cards of life that in essence changed the rules for most of the 140 million Americans in some fashion Rather than focusing on military battles and strategy alone the author chronicles the year as a microcosm of disparate military political and civilian events that came together to define a specific moment in time As war was raging in Europe Americans on the home front continued to cope with some prospering As U S forces launched an offensive against the Japanese in the Mariana Islands and Palau folks at home enjoyed morale boosting movies and songs such as To Have and Have Not and G I Jive And as American troops invaded the island of Leyte launching the largest naval battle during the war President Franklin D Roosevelt and Thomas E Dewey were in the home stretch leading up to the election of 1944 It has been said that the arc of history is long Throughout American history however some years have been truly momentous This book makes the case that 1944 was one such year Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home The Third Reich of Dreams Charlotte Beradt, 2025-04-29 The hidden history of a nation sleepwalking its way into evil Charlotte Beradt began having unsettling dreams after Adolf Hitler took power in 1933 She envisioned herself being shot at tortured and scalped surrounded by Nazis in disguise and breathlessly fleeing across fields with storm troopers at her heels Shaken by these nightmares and banned as a Jew from working she began secretly collecting dreams from her friends and neighbors both Jewish and non Jewish Disguising these diaries of the night in code and concealing them in the spines of books from her extensive library she smuggled them out of the country one by one Available again for the first time since its publication in the 1960s this sensational book brings together this uniquely powerful dream record offering a visceral understanding of how terror is internalized and how propaganda colonizes the imagination After Beradt herself fled Germany for New York she collected these dream accounts and began to trace the common symbols and themes that appeared in the collective unconscious of a traumatized nation The fear of dictatorship was ever present Dreams of thought control even the prohibition of dreaming itself bore witness to the collapse of outer and inner worlds Now in a haunting new translation by Damion Searls and with an incisive foreword by Dunya Mikhail The Third Reich of Dreams provides a raw unfiltered and prophetic look

inside the experience of living through Hitler's terror **I No Longer Dream** Michael Brand, 2022-06-07 In 2018 I suffered a massive cerebral stroke at the age of 24 after cracking my neck I woke up in a hospital with little knowledge of myself the world or any grounding in reality because of the damage to my brain along with left sided paralysis I am not the person I was before and though I want to be them again I can't and must bury them grieve and start over This is how I came to terms with my new existence while letting go of my past not because I want to but because it is a requirement to move forward

LOGISTICS OF DREAMING Jerry Nelson, 2005-07-13 Mother Nature is in the business of writing software programs in DNA Dreaming is our software program and it is also how early Homo sapiens learned logic and the use of tools Author Jerry DC Nelson is neither a scientist a doctor nor a physiologist just an engineer with a bottomless thirst for details on how everything works When some of his dreams became intriguing Nelson began to wonder why we dream What makes us dream and how do we dream During Nelson's search for answers he interviewed friends read books and articles on the dreaming brain and watched television programs pertaining to the functions of the brain In all his research he never found any satisfactory answers to the question of why we have these wonderful unique strange and bizarre dreams Then after recording hundreds of dreams he started to see particular patterns emerging which lead him to formulate several theories When Mother Nature was worked into the equation everything fell into place After having recorded more than 4 000 dreams and conducted many years of research Nelson is confident that he has enough detailed information to back up his theories on why we dream Logistics of Dreaming is his way of sharing some of Mother Nature's brilliancies concerning the dreaming brain

Dealing with the Dead Alain Mabanckou, 2025-01-16 Sharp and entertaining Times Literary Supplement One of Africa's greatest living writers Guardian Abruptly deceased at the age of twenty four and trapped forever in flared purple trousers Liwa Ekimakinga encounters the other residents of Fr re Lachaise cemetery all of whom have their own complex stories of life and death Unwilling to relinquish their tender bond Liwa makes his way back home to Pointe Noire to see his devoted grandmother one last time against all spectral advice But disturbing rumours swirl together with Liwa's jumbled memories of his last night on earth leading him to pursue the riddle of his own untimely demise A phantasmagorical tale of ambition community and forces beyond human control Dealing with the Dead is a scathing satire on corruption and political violence by one of the foremost chroniclers of modern Central Africa Africa's Samuel Beckett Economist *The Dream of the Red Chamber* Jeannie Jinsheng Yi, 2004
