## **The Love That Moves The Stars:**

**A Room of His Own** Daria S. Smirnova, 2025-09-30 *A Room of His Own* Joseph Brodsky and the Making of a Bilingual Poet makes the original and persuasive claim that Brodsky's force as a transnational poet derives paradoxically from an inward looking stance that privileges the trope of the room and a practice of self translation that is faithful to his own internal poetics rather than the poetic norms of the target tradition. The resulting bilingual poetics is one that though not universally accepted by English readers ultimately had a profound effect on the Anglo American literary tradition and anticipated certain foreignizing tendencies that have become central to translation studies and theories of transnationalism. No less powerful than the book's thesis is the elegant analyses which encompass Brodsky's Russian poetry his translations from Russian to English and his English language essays

## **Hunting Magic Eels**

Richard Beck, 2024-01-02 We live in a secular age a world dominated by science and technology Increasing numbers of us don't believe in God anymore We don't expect miracles We've grown up and left those fairy tales behind culturally and personally Yet five hundred years ago the world was very much enchanted It was a world where God existed and the devil was real It was a world full of angels and demons It was a world of holy wells and magical eels But since the Protestant Reformation and the beginning of the Enlightenment the world in the West at least has become increasingly disenchanted While this might be taken as evidence of a crisis of belief Richard Beck argues that it's actually a crisis of attention God hasn't gone anywhere but we've lost our capacity to see God The rising tide of disenchantment has profoundly changed our religious imaginations and led to a loss of the holy expectation that we can be interrupted by the sacred and divine But it doesn't have to be this way Hunting Magic Eels shows us that with attention and an intentional cultivated capacity to experience God as a living vital presence in our lives we can cultivate an enchanted faith in a skeptical age This new paperback edition includes a foreword from Sean Palmer as well as four new additional chapters including Why Good People Need God Live Your Beautiful Life and The Primacy of the Invisible

## **The Dream of Reason**

Anthony Gottlieb, 2001-09-27 Already a classic this landmark account of early Western thought now appears in a new edition with expanded coverage of the Middle Ages The Dream of Reason takes a fresh look at the writings of the great thinkers of classic philosophy and questions many pieces of conventional wisdom The book invites comparison with Bertrand Russell's monumental History of Western Philosophy but Gottlieb's book is less idiosyncratic and based on more recent scholarship Colin McGinn Los Angeles Times A New York Times Notable Book a Los Angeles Times Best Book and a Times Literary Supplement Best Book of 2001

**Brodsky Translating Brodsky: Poetry in Self-Translation** Alexandra Berlina, 2014-04-24 Winner of the Anna Balakian Prize 2016 Is poetry lost in translation or is it perhaps the other way around Is it found Gained Won What happens when a poet decides to give his favorite Russian poems a new life in English Are the new texts shadows twins or doppelgangers of their originals or are they something completely

different Does the poet resurrect himself from the death of the author by reinterpreting his own work in another language or does he turn into a monster a bilingual bicultural centaur Alexandra Berlina herself a poetry translator and a 2012 Barnstone Translation Prize laureate addresses these questions in this new study of Joseph Brodsky whose Nobel prize winning work has never yet been discussed from this perspective Interpreting Scriptures in Judaism, Christianity and Islam Mordechai Z.
