Mimi's Island Home.

Mimi lives on an island far out in the ocean. You may think that it would be fun to live on an island. But Mimi is sad. Mimi has not seen her friends in a year. There is no one to play with or talk to. There isn't even a school.

Why has Mimi's family chosen such a lonely life? Mimi's parents study animals that only live in the harbor of this island. But Mimi's dad knows how unhappy Mimi is. He wants to do something to make her happy.

Mimi's dad discovered a new kind of fish. It had bright orange fins and a blue tail. Dad named this unusual fish after Mimi. He calls it the Mimifish. It hides in the seaweed. It only comes out in the morning and at dusk.

Mimi's dad takes his underwater camera to the harbor every day. He hopes to capture the Mimifish on film. Maybe someday her dad will learn enough about the Mimifish. Then Mimi can go back to her old school. Then she can see all her old friends again. Mimi hopes that day will come soon.

*Excel Practice* Alan Horsfield, 1998 *English in Europe* Jasone Cenoz, Ulrike Jessner, 2000 Sixteen scholars from Western countries address European acquisition of English as a third language, contrasting it with acquiring English as a second language. Third language learners more often have the editors write a higher metalinguistic awareness than second language learners. Further, though it is assumed that second language competence is lower than competence in a first language, this may not be the case when comparing second and third language competence. This book's purpose is therefore to provide an up-to-date overview of the sociolinguistic, psycholinguistic and educational aspects of English as a third language. Distributed by UTP distributors.
