The Atlas of World Archaeology Paul G. Bahn, 2006

HarperCollins Past Worlds Atlas of Archaeology, 1999

WORLD ARCHAEOLOGY VOLUME 7, 1975

The World Archaeological Congress, 1-7 September 1986, Southampton and London: Archaeological "objectivity" in interpretation (3 v.), 1986

The Politics of the Past Peter Gathercole, David

Lowenthal, 2004-01-14 History is written by the winners is the received wisdom This book explains why historical interpretation has to incorporate perspectives from those other than winners and demonstrates archaeology's crucial role in this wide ranging approach The book draws more on Africa Afro America Australasia and Oceania than on Europe the source of the traditionally dominant perspective in archaeology The four organizing themes of *The Politics of the Past* are the forms and consequences of the Eurocentric heritage the conflicting perspectives of rulers and ruled the significance of administrative and institutional rivalries and the cleavages that divide professional from popular views of archaeology Archaeologists anthropologists historians and other scholars will find *The Politics of the Past* illuminating and provocative It will enrich historical and archaeological inquiry and interpretation and ramify their relevance for public policy **Cultural**

Anthropology JoAnn Jacoby, Josephine Kibbee, 2007-05-30 The latest edition of a major literature guide provides citations and informative annotations on a wide range of reference sources including manuals bibliographies indexes databases literature surveys and reviews dissertations book reviews conference proceedings awards and employment and grant sources The organization closely follows that of the 1st edition with some much needed additions relating to online resources and new areas of interest within the field such as forensic anthropology environmental anthropology and Lesbian Bisexual Gay and Transgendered Anthropology Separate sections focus on individual subfields as well as emerging concerns such as ethical issues in cultural heritage preservation For academic and research library collections as well as faculty members in anthropology area studies and intercultural studies **WORLD ARCHAEOLOGY**, 1990 **Archaeology** Hannah

Cobb, Kevin Greene, Tom Moore, 2024-03-19 This fully updated sixth edition of a classic classroom text is essential reading for core courses in archaeology *Archaeology An Introduction* explains how the subject emerged from an amateur pursuit in the eighteenth century into a serious discipline and explores changing trends in interpretation in recent decades The authors convey the excitement of archaeology while helping readers to evaluate new discoveries by explaining the methods and theories that lie behind them In addition to drawing upon examples and case studies from many regions of the world and periods of the past the book incorporates the authors own fieldwork research and teaching It continues to include key reference and further reading sections to help new readers find their way through the ever expanding range of archaeological publications and online sources as well as colour illustrations and boxed topic sections to increase comprehension Serving as an accessible and lucid textbook and engaging students with contemporary issues this book is designed to support students studying Archaeology at an introductory level New to the sixth edition Inclusion of the latest

survey and imaging techniques such as the use of drones and eXtended reality Updated material on developments in dating DNA analysis isotopes and population movement including consideration of the ethical considerations of these techniques Coverage of new developments in archaeological theory such as the material turn ontological turn and work on issues of equality diversity and inclusion A whole new chapter covering archaeology in the present including new sections on heritage and public archaeology and an updated consideration of archaeology's relationship with the climate crisis A revised glossary with over 200 new additions or updates Archaeology Kevin Greene,2002-11 This fourth edition constitutes the most extensive reshaping of the text to date In a lucid and accessible style Kevin Greene explains the discovery and excavation of sites outlines major dating methods gives clear explanations of scientific techniques and examines current theories and controversies New features include a completely new user friendly text design with initial chapter overviews and final conclusions key references for each chapter section an annotated guide to further reading a glossary refreshed illustrations case studies and examples bibliography and full index a new companion website built for this edition providing hyperlinks from contents list to individual chapter summaries which in turn link to key websites and other material an important new chapter on current theory emphasizing the richness of sources of analogy or interpretation available today This new edition provides students with a sound introduction to the field of archaeology and guides them towards further study The World Atlas of Archeology Nick Constable,2000 Comprehensive description of archeological excavations from each continent
