**Classic Sketchbook: Cats** Patricia J. Wynne, 2017-07-18 Classic Sketchbook Cats shows how it's done by showing museum quality works then coaching you to try the techniques with the help and expert's suggestions. Whether scribbling out a quick sketch with minimal detail or making a finished portrait where every silky hair and polished whisker stands out, the best cat artists can capture the very essence of feline-ness. How do they do it? Firsthand observation of cats will tell you a lot about the way they sit, yawn, tweak their tails and curl up to sleep, but it won't tell you how to get those things down on paper. Classic Sketchbook Cats is the second in a series of instructional books that began with Classic Sketchbook Botanicals. The series shows how to draw your subjects by looking at the details of museum quality works then coaching you through the techniques with the help and expert's suggestions. In this case, the expert is Patricia Wynne, a noted illustrator with a specialty in animals. Wynne will guide you through fur, paws and eyes as well as cats sleeping, playing or pouncing. Her unique instructions place a close-up of a drawing or painting by a noted artist like Gauguin, Chardin, Gwen John and Theodore Steinlen on the left side of the page. And on the right side of the page, Patricia Wynne coaches you with detailed step-by-step drawings that illuminate the process.

**Classic Cat Stories** Becky Brown, 2020-09-17 Cats, be they much-loved pets or inscrutable creatures, lend themselves to stories and literary invention. Part of the Macmillan Collector's Library, a series of stunning pocket-size classics, these beautiful books make perfect gifts or a treat for any book lover. This edition is edited by anthologist and literary agent Becky Brown. Classic Cat Stories is a beautiful anthology that includes fairy tales and fables from the likes of Rudyard Kipling and Charles Perrault as well as comic tales from Saki and E. F. Benson. Cats, of course, have always had a dark and mysterious side, which is explored to chilling effect by the likes of Edgar Allan Poe in *The Black Cat* and H. P. Lovecraft in *The Cats of Ulthar*. But above all, we love them, and you'll find here stories about all kinds of cats that tug at the heartstrings and which celebrate their curious ways.

The Cat, a Guide to the Classification and Varieties of Cats and a Short Treatise Upon Their Care, Diseases, and Treatment Rush Shippen Huidekoper, 1895 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of

the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing I Just Got a Kitten.
