The Art Of Rodin:

Rodin Raphaël Masson,2004 Rodin created much controversy in his lifetime His sculptures met with adoration from the avant garde and criticism from the conservatives Today he is revered as an outstanding artist whose expressive style foreshadowed modernism and abstract sculpture All facets of the artist s life and art explored in this work *Rodin's Art* the late Albert E. Elsen,Rosalyn Frankel Jamison,2003-03-13 The late Albert Elsen was the first American scholar to study seriously the work of the French sculptor Auguste Rodin and the person most responsible for a revival of interest in the artist as a modern innovator after years during which the sculpture had been dismissed as so much Victorian bathos After a fortuitous meeting with the financier philanthropist and art collector B Gerald Cantor Elsen helped Cantor to build up a major collection of Rodin s work A large part of this collection consisting of more than 200 pieces was donated to the Stanford Museum by Mr Cantor who died recently In size it is surpassed only the by the Mus e Rodin in Paris and rivaled only by the collection in Philadelphia In scope the collection is unique in having been carefully selected to present a balanced view of Rodin s work throughout his life Rodin s Art encompasses a lifetime s thoughts on Rodin s career surveying the artist s accomplishments through the detailed discussion of each object in the collection It will begin with essays on the formation of the collection the reception of Rodin s work and his casting techniques The entries that follow are arranged topically and include extensive discussions of Rodin s major projects *The Art of Rodin* Louis Weinberg,2023-07-18 The Art of Rodin is a beautiful and informative guide to the life and work of the French sculptor Auguste Rodin The book contains numerous full color illustrations of Rodin s most famous works as well as detailed descriptions and analysis of his techniques and influences It is a must have for anyone interested in sculpture and the history of art This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Art of Rodin* ,1925 **Rodin** Auguste Rodin,Jacques Vilain,1997 The Musee Rodin celebrates the art of Auguste Rodin 1840 1917 the most innovative sculptor of the French Romantic School Before his death Rodin donated all his works still in his possession to the French nation This highly illustrated book is based on the museum s collection which is housed in the Hotel Biron in Paris where the artist lived and worked during the last years of his life **The Art of Rodin** Louis Weinberg,2016-02-17 The Art of Rodin Illustrated by Louis Weinberg includes sixty five images of his works first published in 1918 Francois Auguste Rene Rodin 1840 1917 known as Auguste Rodin was a French sculptor Although Rodin is generally considered the progenitor of modern sculpture he did not set out to rebel against the past He was schooled traditionally took

a craftsman like approach to his work and desired academic recognition although he was never accepted into Paris's foremost school of art. Sculpturally Rodin possessed a unique ability to model a complex turbulent deeply pocketed surface in clay. Many of his most notable sculptures were roundly criticized during his lifetime. They clashed with the predominant figure sculpture tradition in which works were decorative formulaic or highly thematic. Rodin's most original work departed from traditional themes of mythology and allegory, modeled the human body with realism and celebrated individual character and physicality.

Rodin Auguste Rodin, Jacques De Caso, 1992. Beeldhouwwerken en enkele tekeningen rondom het thema het menselijk lichaam van de Franse beeldhouwer 1840-1917. Rodin: The Man and His Art, with Leaves from His Note-book Judith Cladel, 2022-09-16. In *Rodin The Man and His Art with Leaves from His Note book* Judith Cladel offers an intimate exploration of the life and works of the famed sculptor Auguste Rodin. The text brilliantly interweaves biographical narrative with visual analysis using Rodin's own words and reflections to illuminate the complexities of his creative process. Cladel employs a lyrical prose style that captures the emotive power of Rodin's sculptures while thoughtfully situating his work within the broader context of 19th century art movements such as Impressionism and Symbolism. The book not only examines Rodin's artistic evolution but also delves into the philosophical underpinnings of his craft, revealing how personal experiences influenced his monumental creations. Judith Cladel, a contemporary of Rodin and an eminent art critic, brings a unique perspective to her biography; her close acquaintance with the artist allows her to provide unparalleled insights into his character and artistic dilemmas. Cladel's passion for art and her nuanced understanding of sculpture inform her narrative, making her an authoritative voice in the conversation about Rodin's legacy. Her firsthand experiences and deep appreciation for the artistic process serve to enrich the reader's perception of Rodin, revealing the man behind the masterpieces. This captivating read is essential for any art lover or student of art history. Cladel's poignant prose and in-depth analysis not only offer a deeper appreciation of Rodin's work but also invite readers to contemplate the broader implications of the artist's journey. *Rodin The Man and His Art* stands as a vital contribution to understanding not only Rodin himself but also the transformative power of art in the human experience.
