The Art Of Writing:

Style (Harriman Classics) F. L. Lucas, 2020-08-18 4th edition with a new foreword by Joseph Epstein Harriman Classics
Lost for almost forty years Style has acquired the status of a legend Loved by some of the greatest modern authors and acclaimed by critics this guide to recognising and writing stylish prose was written by a Cambridge don and veteran of Bletchley Park Imbued with a lifetime of wit and wisdom it retains its power today Writing forcefully and persuasively has never mattered so much and Style is the perfect guide for the busy the ambitious and the creative With unique authority and good humour F L Lucas takes us through his ten points of effective prose style and provides a tour of some of the best and worst that has been written in a number of languages and literatures Wry perceptive and rich in quotation and anecdote the book reads like a personal conversation on the art of writing well with a master of the art **The Art of Writing** Peter Yang, 2019-12-01 Rediscover the lost art of excellent writing a valuable skill through the ages and even more so in the twenty first century Since the invention of writing the written word has fueled humanity s astonishing progress Thus the ability to write effectively and beautifully has long been revered and rewarded And yet in the digital age people have begun to believe that this talent is somehow obsolete that writing is something unworthy of study beyond the basic mechanics of vocabulary and syntax and grammar that mediocre prose is acceptable in a world crying out for clear and precise communication Peter Yang believes otherwise The Art of Writing is Yang s highly practical treatise on the four key principles of dazzling effective writing economy transparency variety and harmony Far from your garden variety style guide this book offers principles that apply to everyone whether you re writing an inauguration speech a novel or a letter home to Mom Great writing is a skill and this book gives you the tools to make your words shimmer on the page or the screen Packed with real world insights and advice The Art of Writing is your ultimate guide to transforming your writing and unleashing your inner artist **Why Write?** Mark Edmundson, 2016-08-30 From one of America s great professors author of Why Teach and Why Read an inspiring exploration of the importance of writing well for creators educators students and anyone who writes Why write when it sometimes feels that so few people really read read as if their lives might be changed by what they re reading Why write when the world wants to be informed not enlightened to be entertained not inspired Writing is backbreaking mindbending lonely work So why Because writing as celebrated professor Mark Edmundson explains is one of the greatest human goods Real writing can do what critic R P Blackmur said it could add to the stock of available reality Writing teaches us to think it can bring our minds to birth And once we re at home with words there are few more pleasurable human activities than writing Because this is something he believes everyone ought to know Edmundson offers us Why Write essential reading both practical and inspiring for anyone who yearns to be a writer anyone who simply needs to know how to get an idea across and anyone in between in short everyone **On the Art of Writing** Sir Arthur Thomas Quiller-Couch, Arthur Quiller-Couch, 2008-09-18 Semantics *The Art of Creative Writing* Lajos Egri, 2020-12-29 One of the

few truly helpful books on fiction writing Chicago Tribune Go beyond Stephen King's *On Writing* to master the fundamentals of great storytelling with this foundational guide that reveals the essential elements of what makes the best fiction *The Art of Creative Writing* is a timeless testament to the power of dialogue and character development that is accessible for every level of writer from beginner to established author As in the bestselling *The Art of Dramatic Writing* still considered one of the most essential books on playwriting more than 75 years after publication the author outlines in detail his highly acclaimed Egri Method of Creative Writing and shows how to apply it to all fiction formats novels short stories and screenplays Grounded in Egri's assertion that Every type of creative writing depends upon the credibility of a character here is concise clear advice on the most important element of good writing characterization Step by step Egri shows writers how to probe the secrets of human motivation to create flesh and blood characters who create suspense and conflict and who grow emotionally under stress and strain As practical as it is inspiring *The Art of Creative Writing* remains a timeless illuminating guide that teaches every writer and aspiring writer how to create works that are both compelling and enduring *The Art of Writing* Robert Louis Stevenson, 2018-10-10 *The Art of Writing* By Robert Louis Stevenson with what passage it shall please you to select the Seven Ages from the same play or even such a stave of nobility as Othello's farewell to war and still you will be able to perceive if you have an ear for that class of music a certain superior degree of organisation in the prose a compacter fitting of the parts a balance in the swing and the return as of a throbbing pendulum *The Art of Writing Made Simple* Geoffrey Ashe, 1972 *The Art of Writing* Robert Louis Stevenson, 2021-05-02 On some technical elements of style in literature The morality of the profession of letters Books which have influenced me A note on realism My first book *Treasure Island* The genesis of the master of Ballantrae Preface to the master of Ballantrae *The Art of Fiction* John Gardner, 1991-06-04 This classic guide from the renowned novelist and professor has helped transform generations of aspiring writers into masterful writers and will continue to do so for many years to come John Gardner was almost as famous as a teacher of creative writing as he was for his own works In this practical instructive handbook based on the courses and seminars that he gave he explains simply and cogently the principles and techniques of good writing Gardner's lessons exemplified with detailed excerpts from classic works of literature sweep across a complete range of topics from the nature of aesthetics to the shape of a refined sentence Written with passion precision and a deep respect for the art of writing Gardner's book serves by turns as a critic mentor and friend Anyone who has ever thought of taking the step from reader to writer should begin here *A History of the Art of Writing (Classic Reprint)* William A. Mason, 2018-03-02 Excerpt from *A History of the Art of Writing* It doubtless will be a still greater surprise to the reader to be told that there are yet retained in our language not a few of the primitive pictures that antedate writing altered and modified to be sure through ages of use during which interval they have become greatly simplified and conventionalized All written languages contain these silent witnesses of their pictorial origin existing like the persistence of ancestral traits in individual tribes or to be nearer our point

like the roots of their spoken words converging different dialects back to a common linguistic parent About the Publisher

The Art of Writing Edward J Murray,2015-09-02 Knowing how to write clear prose will help both the student and the adult who wants to try his hand to perform at a higher level Its been proven time and time again One of the advantages of The Art Writing presented here is its brevity of presentation The author knows how to say an awful lot with a few words Its a skill that most writers of instruction simply do not have Despite the concise nature of the book it covers all the relevant topics for anyone who wants to sharpen his facility and confidence with the written word Some of the more general topics include the diversity of sentence structure lots of tips on the possessives the slashes and the italics Diction the colloquial and language in general are emphasized The language of art is given special treatment along with plot drama idiom and metaphor The mainstream novel is given special treatment along with the 12 literary movements of the 20th century And last but not least some keyboard tips for the novice

On the Art of Writing Arthur Quiller-Couch,1978 A renowned critic and scholar addresses the artistic and vital nature of language as well as the skills needed to convey and receive the written word A compilation of principles and practical guidelines this enduring guide examines the practice of writing the use of jargon style and the history of English literature

On the Art of Writing Arthur Thomas Quiller-Couch,2016-12-07 The art of writing is a living business Declares Sir Arthur Quiller Couch in the Preface to this classic Literature is not a mere science to be studied but an art to be practiced Great as is our own literature we must consider it as a legacy to be improved if we persist in striving to write well we can easily resign to other nations all the secondary fame Renowned as a critic teacher and educational reformer Quiller Couch delivered a series of lectures at the University of Cambridge in 1913 14 His subjects the artistic and vital nature of language as well as the skills needed to convey and receive the written word remain as timeless as his advice This book contains the eminent scholar s remarks from those lectures on the practice of writing The principles and practical guidelines he sets forth in this volume offer aspiring writers an enduring source of guidance Every writer should have this book as reference and inspiration Get Your Copy Now

Essays in the Art of Writing Robert Louis Stevenson,2021-04-28 The profession of letters has been lately debated in the public prints and it has been debated to put the matter mildly from a point of view that was calculated to surprise high minded men and bring a general contempt on books and reading Some time ago in particular a lively pleasant popular writer devoted an essay lively and pleasant like himself to a very encouraging view of the profession We may be glad that his experience is so cheering and we may hope that

all others who deserve it shall be as handsomely rewarded but I do not think we need be at all glad to have this question so important to the public and ourselves debated solely on the ground of money The salary in any business under heaven is not the only nor indeed the first question That you should continue to exist is a matter for your own consideration but that your business should be first honest and second useful are points in which honour and morality are concerned If the writer to whom I refer succeeds in persuading a number of young persons to adopt this way of life with an eye set singly on the livelihood we must expect them in their works to follow profit only and we must expect in consequence if he will pardon me the epithets a slovenly base untrue and empty literature **The Art of writing** ,1965 **Writing with Style** John R.

Trimble,1975 **ON THE ART OF WRITING** Arthur Thomas Quiller-Couch,2016-08-28 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Art of Writing** Tony Barnstone,Chou Ping,1996-06-25 The ancient Chinese regarded the written word as a transformative force able to move heaven and earth and unite the reader with the source of all things the Tao The power of writing especially poetry is celebrated here in short texts that present both practical instruction and spiritual insight Lu Ji s essay in verse The Art of Writing reveals the inner process every writer must go through in preparing for the creative act Sikong Tu s Twenty four Styles of Poetry teaches that poets must perfect themselves internally in order to achieve perfection in what they write Poets Jade Splinters contains aphoristic prescriptions and humorous anecdotes about poetry poets and the rules of composition Assorted commentaries and critical evaluations focus on Chinese lyrical poetry **On the Art of Writing** Sir Arthur Thomas Quiller-Couch,1928 **Lectures on the Art of Writing** J. Carstairs,2016-08-29 Excerpt from Lectures on the Art of Writing Comprehending a Variety of Observations on the Impediments Which Retard the Progress of the Learner Including a Brief History of the Art And Also of the Materials That Have Been in Use From the Earliest Ages to the Present Time The English manuscript perhaps excels every other for the beauty of its form its concise ness its bold appearance its legibility and neatness Indeed for the last two hundred years the English writing has stood pre emi nent in a high degree and no country can produce finer engravings from writing nor specimens of manuscript than are to be found in almost every part of Great Britain About the Publisher Forgotten
