Financial System David C. Cole,Betty F. Slade,1996 Building A Modern Financial System provides penetrating insights into the upheavals in Indonesia and explains the kinds of policies that can lead to the development of a modern financial system in a large relatively underdeveloped country The study covers all facets of the financial system emphasising the role of the monetary authorities the transition from government dominated to a predominantly private banking system and the rapid expansion of the capital market Indonesia is a particularly interesting case because its economy and financial system was in shambles in the mid 1960s owing to political adventurism and economic mismanagement Until more recently sensible economic policies and growth promoting reforms provided a sound financial system and a balanced expansion of agriculture and industry However since the mid 1990 s the stability of the Indonesian system has once again been called into question
