## **The Balconinny:**

A View from the Balcony--Opera through Womanist Eyes Jean Derricotte-Murphy, 2024-08-23 In this theological work readers are seated in a metaphorical balcony as a counter melody is composed within America's operatic tradition. By using imaginary opera glasses readers are invited to critically view American society and history. The most popular folk songs of white Southerners, Western settlers, and Northern elites were composed from chords of colonialism, white supremacy, patriarchy, hegemony, and xenophobia. Forms of anthropological poverty. These songs were and remain the most discordant melodies heard by indigenous and enslaved persons in America. Indicting the church for its complicity in these oppressions, this work offers the reader a historical glimpse at the philosophical and religious underpinnings of systemic racism. A new healing hermeneutic, the balcony hermeneutic, enables the reader to view, critique, assess, correct, and reverse the devastating consequences of anthropological poverty. By taking a reversed gaze of traditional Western Eurocentric systems of knowledge production through theomusicology, this work privileges the voices of indigenous scholars, philosophers, anthropologists, theologians, and performers to sing a new song as we correct negative narratives and lyrics through resistance operatic performances.

From their first kiss on New Year's Eve to endless discussions on the balcony of Daniel's parents' house. They lose each other, search for each other, find each other again. In between nights full of alcohol and records, heated arguments, friendships that come and go. The thing that connects them deeply: their love of music. Years later, Daniel reconstructs their story from his old diaries, a look back at a time full of excess, longing, and the question of whether you can ever really leave true love behind.

The setting of Jean Genet's celebrated play is a brothel that caters to refined sensibilities and peculiar tastes. Here men from all walks of life don the garb of their fantasies and act them out: a man from the gas company wears the robe and mitre of a bishop; another customer becomes a flagellant judge; and still another a victorious general while a bank clerk defiles the Virgin Mary. These costumed diversions take place while outside a revolution rages which has isolated the brothel from the rest of the rebel-controlled city. In a stunning series of macabre climactic scenes Genet presents his caustic view of man and society.
