The Ayn Rand Cult:

Ayn Rand Cult Jeff Walker, 2012-03-30 Despised by the intellectual establishment Ayn Rand continues to attract many thousands of devoted followers Her Objectivist movement preaches an uncompromising hard line on politics art sex and psychological health Though much has been written about Rand The Ayn Rand Cult is the first book to explain the true origin of her ideas and to show how they were shaped into a new atheistic religion Jeff Walker shatters many myths about Rand exposing Objectivism as a classic cult unusual because of its overt emphasis on self interest rationality and atheism but typical of cults in its guru worship thought control trial and excommunication of deviants and hostility to existing society

The Sociology of the Ayn Rand Cult Murray Newton Rothbard, 1987 **The Sociology of the Ayn Rand Cult** Murray Rothbard, 1972 **Questioning Ayn Rand** Neil Cocks, 2020-09-15 Questioning Ayn Rand Subjectivity Political Economy and the Arts offers a sustained academic critique of Ayn Rand s works and her wider Objectivist philosophy While Rand s texts are often dismissed out of hand by those hostile to the ideology promoted within them these essays argue instead that they need to be taken seriously and analysed in detail Rand s influential worldview does not tolerate uncertainty relying as it does upon a notion of truth untroubled by doubt In contrast the contributors to this volume argue that any progressive response to Rand should resist the dubious comforts of a position of ethical or aesthetic purity even as they challenge the reductive individualistic ideology promoted within her writing Drawing on a range of sources and approaches from Psychoanalysis to The Gold Standard and from Hannah Arendt to Spiderman these essays consider Rand s works in the context of wider political economic and philosophical debates Intellectual Morons Daniel J. Flynn, 2004-09-21 Why do well educated antiwar activists call the president of the United States the new Hitler and argue that the U S government orchestrated the September 11 attacks Why does Al Gore believe that cars pose a mortal threat to the security of every nation Why does the Princeton professor known as the father of the animal rights movement object to humans eating animals but not to humans having sex with them and why does PETA defend that position In other words why do smart people fall for stupid ideas The answer Daniel J Flynn reveals in Intellectual Morons is ideology Flynn the author of Why the Left Hates America shows how people can be so blinded to reality by the causes they serve that they espouse bizarre sometimes ridiculous and often dangerous positions The most influential social movements have spawned ideologues who do not care whether an idea is good or bad true or false but only whether it can serve their cause It is startling how many Americans and particularly how many media academic and political elites fall for bad ideas The trouble is their lies become institutionalized as truth and we all suffer as a result In Intellectual Morons Flynn reveals How rabid anti Americans simply parrot the delusional claims of a few gurus How the environmental movement spawned by a scientist whose doomsday predictions are almost always wrong has bred fanaticism stupidity and dishonesty How the hero of the animal rights crowd is a crank who promotes infanticide and euthanasia How a scientific fraud and pervert launched the sexual revolution How abortion rights

activists ignore or cover up the fact that their matron saint advocated eugenics and concentration camps How our universities have become hothouses of leftist ideology How historians and journalists have airbrushed history to turn a racial separatist into a civil rights icon Filled with jaw dropping lapses in common sense from even our most celebrated opinion leaders Intellectual Morons is a welcome reality check for the glaring excesses of today s political and cultural debates This is a sophisticated pile driver of a book guiding us through the wiles of great luminaries of the netherworld And such liveliness in the writing and such erudition I was quite fascinated by Intellectual Morons William F Buckley Jr Intellectual Morons is exceptionally aptly named The thought of all that brainpower going down the intellectual drain is sad but Daniel Flynn s description of it is hilariously on point This is must reading G Gordon Liddy Intellectual Morons is a delight a wonderful intellectual history of the past hundred years Flynn ably describes the purveyors of the bad ideas that have undermined our free society Burton W Folsom Jr professor of history Hillsdale College A famous bit of folk wisdom says You ve got to stand for something or you ll fall for anything Some of the crackpot notions now fashionable in academic circles as here documented by Daniel Flynn suggest that saying is an understatement If you want to know how crazy and scary intellectual morons can get you have to read this book M Stanton Evans author of The Theme Is Freedom contributing editor to Human Events

Mysterious Travelers Zack Kruse, 2021-02-01 2022 Honorable Mention Recipient of the Charles Hatfield Book Prize from the Comics Studies Society Steve Ditko 1927 2018 is one of the most important contributors to American comic books As the cocreator of Spider Man and sole creator of Doctor Strange Ditko made an indelible mark on American popular culture Mysterious Travelers Steve Ditko and the Search for a New Liberal Identity resets the conversation about his heady and powerful work Always inward facing Ditko s narratives employed superhero and supernatural fantasy in the service of self examination and with characters like the Question Mr A and Static Ditko turned ordinary superhero comics into philosophic treatises Many of Ditko s philosophy driven comics show a clear debt to ideas found in Ayn Rand s Objectivism Unfortunately readers often reduce Ditko s work to a mouthpiece for Rand s vision Mysterious Travelers unsettles this notion In this book Zack Kruse argues that Ditko s philosophy draws on a complicated network of ideas that is best understood as mystic liberalism Although Ditko is not the originator of mystic liberalism his comics provide a unique window into how such an ideology operates in popular media Examining selections of Ditko s output from 1953 to 1986 Kruse demonstrates how Ditko s comics provide insight into a unique strand of American thought that has had a lasting impact

The Ideas of Ayn Rand Ronald E. Merrill, 1991 Ayn Rand 1905 1982 is known to millions for her blockbuster novels The Fountainhead and Atlas Shrugged In the 1960s her Objectivist ideas featuring esthetic romanticism laissez faire capitalism atheism and the virtue of selfishness were promoted in an organized movement which split apart after Rand s falling out with her prot g Nathaniel Branden This debacle threw Rand s growing community of followers into disarray but she continues to attract readers and to exert a major if largely subterranean influence on thinking and policy The Ideas of Ayn Rand provides for the

first time a comprehensive survey of Rand's wide ranging contributions her literary techniques her espousal and then rejection of a Nietzschean outlook her contradictory attitude to feminism her forays into ethics epistemology and metaphysics the development of her political creed her influence on and hostility to both conservatism and libertarianism Dr Merrill's standpoint is friendly yet critical He presents a fresh and original interpretation of Rand's ideas exposing unexpected facets of the Objectivist vision and arguing that Rand's thought is more complex more subtle and more profound than her enemies or even her friends have heretofore suspected Back cover Ayn Rand and Business Donna Greiner, Theodore B. Kinni, 2001 Ayn Rand and Business is both relevant and valuable to today's business readers providing insightful lessons for managers traders and entrepreneurs alike Chronicles, 2003 Turncoats and True Believers Ted Goetzel, 1992-06 No Marketing Blurb Culture Wars, 2002 *Enemy of the State* Justin Raimondo, 2000-07 While Rothbard's contributions to the history of social thought are important his life story is interesting in itself against almost impossible odds he managed to singlehandedly create the libertarian movement out of thin air at a time when such ideas were considered completely outside the pale *The Emotionalists* Sky Gilbert, 2000 Adored by a post war American public ripe for the egoism expounded in her writings novelist Ayn Rand and her philosophy of Objectivism held many in their sway But when Ayn asks her husband to set aside his emotions and accept that she has found another lover purely as a result of reason her husband her lover and her lover's wife all adherents to Rand's philosophy must submit to one of its perverse conclusions In *The Emotionalists* award winning playwright Sky Gilbert reveals a towering intellect caught in her own contradictions and a society of friends damaged by their principles Gilbert's command of his characters enmeshed in their Objectivist conundrum is masterful *The Emotionalists* is an intelligent witty and disturbing examination of the limits of reason and the need for honest emotion

The Cult Experience John James Collins, 1991 American Women Writers Taryn Benbow-Pfalzgraf, 2000 **The Conservative Movement** Paul Gottfried, 1993 At the beginning of the 1990s conservative commentators have increasingly focused on the growing fragmentation of the American political and intellectual Right From the early postwar years when a small band of intellectual dissidents emerged in response to the Soviet threat to the 1980s and the Reagan years when the coalition of journalists politicians and lobbyists known as the New Right reached the height of its influence the conservative movement has always been a complex shifting set of ideologies and factions In this revised and updated study Paul Gottfried provides an insider's look at the factions and controversies the personalities and ideologies the rival journals and institutes He presents the argument that the scope of this war on the Right has been misrepresented by journalists who have been sympathetic to the moderates and have consistently downplayed the strength and intelligence of the paleoconservatives A striking feature of the book is a detailed well informed exposition of the conservative foundations and think tanks revealing who funds whom and who controls whom information that has never before appeared in print Gottfried discusses the implications of the 1992 electoral campaign for the future of the Right from paleocon Pat Buchanan's controversial bid for

the Republican nomination to the migration of several leading neocons over to Democratic candidate Bill Clinton's camp. Certain to spark both attention and controversy, this book is required reading for anyone who wants to understand the complex conservative landscape and its prospects for the future. *Why It's Hard to Be Good*, 2006. *Why It's Hard to Be Good* by Donald Palmer is a text for Ethical Theory and Ethical Problems courses and is ideal for instructors using primary source readings. Through the use of cartoons and humor, Palmer makes the study of ethics easier. **A Concise Dictionary of Cults & Religions** William Glenn Watson, 1991. A Concise Dictionary of Cults and Religions provides thumbnail sketches of peripheral religious groups, cults, and personalities connected with such movements or organizations. The Dance with Community Robert Booth Fowler, 1991. Not an essay in normative political philosophy but a discussion of the present-day developments in American political thought as they focus on community. Fowler, political science U of Wisconsin, tells the story of the coming of age of community in the thought of American political intellectuals and provides measured analysis and reflection on some of the directions in which thinking about community has proceeded. Annotation copyrighted by Book News Inc., Portland, OR. **American Novelists Since World War II.** James Richard Giles, Wanda H. Giles, 2000. Contains biographical sketches of writers who either began writing novels after 1945 or have done their most important work since then.
