**The Judge on the Screen** Vincenzo Tomeo, 2024-12-15 Vincenzo Tomeo's pioneering research in the 1960s and 1970s drew attention to the importance of popular culture in our understanding of the operation of the justice system He was the first to recognize that how laws are interpreted and put into effect depends heavily on how the public understand them This understanding comes from the ideas and understanding which the public have about the justice system

These ideas in an era of mass popular culture come largely from film. In his groundbreaking research he examined how judges and the police were viewed in popular film. He also stressed the importance of popular culture as opposed to classical accounts of law and justice and showed how these meshed with law and justice on film. *The Judge on the Screen* preceded the attention paid to popular culture by over a decade and provided empirical data some thirty years before any such work was carried out by Anglo American and other European scholars. This classic work now appears for the first time in an English translation with additional supporting materials. *The Mining Reports* Robert Stewart Morrison, 1887      ***That Girl of Mine*** Maurice Francis Egan, 1877      *Mine's Bigger* David A. But his ultimate dream was to create the biggest fastest riskiest highest tech most self indulgent sailboat ever built. With keen storytelling and biting wit bestselling author David A Kaplan takes us inside the mind of an American genius and behind the scenes of an extraordinary venture the birth of Perkins's 130 million dollar marvel *The Maltese Falcon*. This modern clipper ship is as long as a football field and forty two feet wide with three rotating masts each twenty stories high and a bridge straight out of *Star Trek*. The riveting biography of a remarkable ship and the remarkable man who built it *Mine's Bigger* is an unforgettable profile of ambition hubris audacity and the imagination of a legendary entrepreneur.
