cultural practices of the biblical world Now I have the ideal set of books to recommend Clinton E Arnold Dean and Professor of New Testament Talbot School of Theology Biola University Sports Ministry David B. Lewis,David Irby,William Galipault,Wayne Rasmussen,2023-03-22 The hope of the Gospel is a universal message and sports are arguably the universal language Sharing the former through the latter is a powerful combination for changing lives For students with a heart for both the field of sports ministry presents an idyllic career opportunity Until now there has never been a college textbook devoted to sports ministry With the arrival of Sports Ministry college and university instructors have a dedicated text for educating students on the how to process of developing viable sports ministry programs that share the Word and positively influence the world in which we live Chapters dedicated to fiscal responsibility facility management and legal matters educate students on the corporate aspects of running a sports ministry program while discussions centering on the intersection of sports and faith compel students to contemplate positive and negative aspects of competition whether competitive sport is compatible with faith and ethical behavior in sport In addition students will gain a historical perspective of the sports ministry movement and be introduced to many sports ministries serving today at the local regional national and international levels With Sports Ministry students will gain the knowledge and tools to share their faith and offer hope to others through the universal language of sport Ancillaries for adopting instructors are available online Sports, Religion and Disability Nick J. Watson,Andrew Parker,2016-04-14 This ground breaking book provides a fascinating insight into the relationship between sports and leisure religion and disability In the shadow of the London 2012 Olympic and Paralympic Games at which athletes that were both able bodied and disabled provided an extravaganza of sporting excellence and drama this text is a timely and important synthesis of ideas that have emerged in two previously distinct areas of research i disability sport and ii the theology of disability Many of the elite athletes at this global sporting mega event often explicitly displayed their religious beliefs and in turn their importance in the context of sport by observing different religious rituals and or utilising the multi faith sports chaplaincy service This raises a whole range of unanswered questions with regard to the intersections between sports religion and disability which to date has been under researched Examples of subjects addressed in this text include elite physical disability sport Paralympics intellectual disability sport Special Olympics reflections on the illness narrative of the cyclist Lance Armstrong through the lens of the theology of radical orthodoxy the application of biblical athletic metaphors in understanding modern conceptions of disability sport the role of sport and spirituality in the rehabilitation of injured British Military personnel and the importance of sports and leisure in L Arche communities This book begins a critical conversation on these topics and many others for both researchers and practitioners This book was based on two special issues of the Journal of Religion Disability and Health Best Sports Stories Irving T.
