[Teaching Special Students in General Education Classrooms](#) Rena B. Lewis, Donald H. Doorlag, 2003 The Seventh Edition of Teaching Special Students in General Education Classrooms by Rena B Lewis and Donald H Doorlag is uncompromising in its dedication to preparing educators to teach effectively the range of students found in the typical elementary or secondary classroom. Using a case based approach, the text provides information about four groups of students with special needs: students with disabilities, gifted and talented learners, culturally and linguistically diverse individuals, and students at risk for school failure. In addition, it demonstrates the vast resources we now have available through technology and presents practical strategies for adapting standard instruction to meet the learning needs of all students in general education classrooms based on the latest information on the IDEA Improvement Act Book jacket.
