Thiessen, 2017-07-28 We live in a time of remarkable discovery The world of quantum physics is revealing that the sub atomic energetic level of creation relates directly to our health both physically and emotionally Rapid and effective healing treatments of many kinds have arisen out of this discovery but they have been developed from a new age worldview Subsequently these advances have been considered off limits for the Christian community But the Splankna Therapy Institute is changing that In this groundbreaking book Sarah J Thiessen teaches us how to think redemptively in our current healing culture Grounded in scripture she walks the reader through the two main arguments against the Christian's use of energy healing techniques new age and witchcraft She leaves the reader with new clarity and empowerment The energetic level of creation belongs to God It's time He got the credit for it Being open to discover creative non conventional ideas and methods of healing is like discovering the earth is round when the predominate belief states it is flat Read this book with an open thoughtful prayerful mind and heart to discover new understandings of holistic Christian healing Dr Eddie Parish L MFT Parish Hermitage Inc LA

**The Bible Made Impossible** Christian Smith, 2012-08-01 Biblicalism an approach to the Bible common among some American evangelicals emphasizes together the Bible's exclusive authority infallibility clarity self sufficiency internal consistency self evident meaning and universal applicability Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims If evangelical biblicalism worked as its

proponents say it should there would not be the vast variety of interpretive differences that biblicalists themselves reach when they actually read and interpret the Bible Far from challenging the inspiration and authority of Scripture Smith critiques a particular rendering of it encouraging evangelicals to seek a more responsible coherent and defensible approach to biblical authority This important book has generated lively discussion and debate The paperback edition adds a new chapter
