The Last Word On Making Money:

The Last Word Justin Gautreau,2020-10-02 The Last Word argues that the Hollywood novel opened up space for cultural critique of the film industry at a time when the industry lacked the capacity to critique itself While the young studio system worked tirelessly to burnish its public image in the wake of celebrity scandal several industry insiders wrote fiction to fill in what newspapers and fan magazines left out Throughout the 1920s and 1930s these novels aimed to expose the invisible machinery of classical Hollywood cinema including not only the evolving artifice of the screen but also the promotional discourse that complemented it As likeminded filmmakers in the 1940s and 1950s gradually brought the dark side of the industry to the screen however the Hollywood novel found itself struggling to live up to its original promise of delivering the unfilmable By the 1960s desperate to remain relevant the genre had devolved into little more than erotic fantasy of movie stars behind closed doors perhaps the only thing the public couldn't already find elsewhere Still given their unique ability to speak beyond the institutional restraints of their time these earlier works offer a window into the industry's dynamic creation and re-creation of itself in the public imagination

The last word in Self-defence Danny Gee Goju,2025-02-03 African Goju is a survival system based on reality and common sense with attention to detail that makes it different from other disciplines It is not only taught as conventional martial arts but also as an attempt to teach the psychology of self-defence based on one's way of life relying on the principle that things will go wrong only if you allow them to Can you keep your senses after drinking so that you are not taken advantage of Could you defend yourself in a fight If you go into a nightclub how would you cope if trouble exploded What of a burglary whilst you are sleeping or in the shower Is your car house safe against thieves How secure are you at work in case of an attack by an irate customer How smart are you in order not to be taken in by a con man How would you handle emotional mental physical abuse betrayal or infidelity The art of knowing how where why and when to fight or not to fight and the ability to withstand both mental and physical pain when coupled with extremely effective defence techniques makes it the most realistic powerful and compelling system in the world
