Law and Society in the Age of Theoderic the Great Sean D. W. Lafferty,2013-07-25 This book explores the evolution of Roman law and society in Italy from 493 with the proclamation of the Ostrogoth Theoderic the Great as king until about 554 when the eastern Emperor Justinian was able to re establish imperial authority in the region Drawing upon evidence from a variety of legal and historical sources it investigates how Theoderic and his successors attempted to govern the peninsula in the wake of foreign invasions the collapse of civic administration the break up of the Mediterranean economy and the emergence of new forms of religious and secular authority It challenges long held assumptions as to just how peaceful prosperous and Roman like Theoderic s Italy really was Its primary focus is the Edictum Theoderici a significant but largely overlooked document that offers valuable historical insights into the complex and sometimes contested social political and religious changes that marked Italy s passage from Antiquity into the Middle Ages

The Class Struggle in the Ancient Greek World G. E. M. Ste. Croix,2025-07-01 The Class Struggle in the Ancient Greek World is an original and provocative reconstruction of 1 400 years of classical antiquity Sharply written it is a major intervention in Marxist theories of class seeking to explain and illustrate the value of Marx s general analysis of society to ancient Greek studies G E M de Ste Croix makes slavery central to the achievements of the Greek city states and wider classical civilisation He traces the social origins of Athenian democracy and advances an innovative explanation for the decline and fall of the Roman Empire Comparing the late Roman political system to a vampire bat Ste Croix argues that serfdom and a tightening fiscal screw left the peasant masses indifferent to the Empire s fate Widely reviewed and debated The Class Struggle in the Ancient Greek World was hailed by the New York Review of Books as the only work in a Western language that has ever attempted to tell the story of the greatest part of the ancient world with the interests of the lower classes as its central theme

Imported Ceramics and the Rural Consumer in Late Roman Mediterranean Gaul Sebastian F. S. Heath,2004 The Roman Colonate Roth Clausen,1925 **Imperial Rome AD 284 to 363** Jill Harries,2012-03-07 This book is about the reinvention of the Roman Empire during the eighty years between the accession of Diocletian and the death of Julian How had it changed The emperors were still warriors and expected to take the field Rome was still the capital at least symbolically There was still a Roman senate though with new rules brought in by Constantine There were still provincial governors but more now and with fewer duties in smaller areas and military command was increasingly separated from civil jurisdiction and administration The neighbours in Persia Germania and on the Danube were more assertive and better organised which had a knock on effect on Roman institutions The achievement of Diocletian and his successors down to Julian was to create a viable apparatus of control which allowed a large and at times unstable area to be policed defended and exploited The book offers a different perspective on the development often taken to be the distinctive feature of these years namely the rise of Christianity Imperial endorsement and patronage of the Christian god and the expanded social role of the Church are a significant prelude to the Byzantine state The author argues that the reigns of the Christian supporting Constantine and his sons were a foretaste of what was to come but not a complete or coherent statement of how Church and State were to react with each other Prudentia ,1999 Social and Political Life in Late Antiquity William Bowden,Adam Gutteridge,Carlos Machado,2006 This collection of papers arising from the conference series Late Antique Archaeology examines the social and political structures of the late antique period and the ways in which they are manifested in the archaeological and textual record Commentationes Humanarum Litterarum ,2007 Vol 10 includes Tables g n rales des S ries de publications de Societas Scientiarum Fennica 1838 1938 Columbia Papyri XI Timothy M.
