**THE LAUGHTER TRAP** JUDSON PHILIPS,1964      **Traps** Rudolph P. Byrd,Beverly Guy-Sheftall,2001 Traps is the first anthology that historicizes the writings by African American men who have examined the meanings of the overlapping categories of race gender and sexuality and who have theorized these categories in the most expansive and progressive terms Traps contains the landmark speeches essays letters and a manifesto by nineteenth and twentieth century African American men who have examined the complex terrain of gender and sexuality within the historical and cultural matrix of the United States      Romantic Poets and the Laughter of Feeling Matthew Ward,2024-04-05 The Romantic period witnessed decisive interest in how feeling might align with forms of artistic expression Many critical studies have focused on the serious side and melancholic moods of Romantic poets Romantic Poets and the Laughter of Feeling instead embraces the sublime and the ridiculous to offer an original and compelling new reading of British Romanticism It reveals the decisive role laughter and the laughable play in Romantic aesthetics emotions and ethics Matthew Ward shows that laughter was one of the primary means by which Romantics embraced and expanded upon but also frequently aped and lampooned sympathetic feeling The laughter of feeling is both the expression of sympathy and an articulation of its implications prejudices and constraints For Romantic poets like Wordsworth Shelley and Keats the sound of laughter carries the hope that greater knowledge of others derives from feeling for and with them through poetry and this might lead to a better understanding of oneself Yet laughter also makes these poets acutely aware that our emotional lives are utterly unfamiliar and perhaps ultimately unknowable Their prosody of laughter enlivens and exposes it embodies their sense of and ambitions for poetry and yet calls those matters into the most comical and gravest doubt Laughter helps define what it is to be human This book shows that it also defines what it is to be a Romantic poet      *Lasting Visions: With the 7th Marines in Vietnam 1970* Frederick Fenwick,2019-05 Merriam Press Vietnam War Series A coming of age story of a farm boy who grew up in the heartland of Kentucky who enlisted in the Marines in 1969 and experienced Marine boot camp at Parris Island where domineering drill instructors took away the youth in the author and instilled the discipline training and motivation necessary to survive in combat Arriving in Vietnam in March 1970 he was assigned to 3rd Platoon Mike Co 3rd Bn 7th Marines His story tells of the bravery camaraderie and esprit de corps of this Marine infantry squad Fred s true accounts take the reader into the jungles rice paddies villages and mountains of Vietnam Lasting Visions takes you to ground zero of the Vietnam War 33 photos map      **The Laughter Trap** Judson Philips,1965      *Traps for the Young* Anthony Comstock,1884      **Homer's Iliad: The Real Story** John D. Martin,2025-07-30 For the nearly three millennia since its creation the Iliad s Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was

minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer's imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war's glory the folly of the warriors who supposedly fight for it and the amorality of the gods who help them do so Homer's great war poem great indeed war poem indeed is in its depths antiwar In piecing together the Iliad's web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post Homeric corruptions to the text we will find an Iliad which is not a prelude to Achilles' glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the entire story has been leading Homer's own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus' favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it The Real Iliad is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative powers of Western antiquity's greatest author

Microsociology Thomas J. Scheff, 1990 Moving beyond the traditional boundaries of sociological investigation Thomas J. Scheff brings together the study of communication and the social psychology of emotions to explore the microworld of thoughts feelings and moods Drawing on strikingly diverse and rich sources the findings of artificial intelligence and cognitive science and examples from literary dialogues and psychiatric interviews Scheff provides an inventive account of the nature of social life and a theory of motivation that brilliantly accounts for the immense complexity involved in understanding even the most routine conversation A major contribution to some central debates in social theory at the present time What Thomas Scheff seeks to develop is essentially a quite novel account of the nature of social life its relation to language and human reflexivity in which he insists upon the importance of a theory of emotion A work of true originality and jolting impact Microsociology is of exceptional interest which bears witness to the very creativity which it puts at the center of human social contact Anthony Giddens from the Foreword Scheff provides a rich theory that can easily generate further exploration And he drives home the message that sociological work on interaction social bonds and society cannot ignore human emotionality Candace Clark American Journal of Sociology This outstanding and ground breaking little volume contains a wealth of original ideas that bring together many insights concerning the relationship of emotion to motivation in a wide variety of social settings It is strongly recommended to all serious students of emotion of society and of human nature Melvin R.
