James E. Probetts,2014-01-02 I suppose you would not believe that love did touch me once It was the spring of 1939 and I was just nineteen years old His name was Arthur Halfpenny James E Probetts once found himself sitting and talking to a lady of indeterminate years who told him of a love that had touched her many years before Captivated he was encouraged to tell

her tale through A Child of the Cloth a story of undying love that could break the boundaries of a class divide Set in the 1940s the novella follows Amelia the daughter of the Rector of St Mary s Having always seen herself as a child of the cloth as both her father and grandfather were she knows only of the church and nothing of the love of men Until she meets Arthur the son of an agricultural labourer in the churchyard one day For a man of Arthur s station in life simply interacting with the daughter of a man of such a high church oversteps the class divide so when they fall deeply in love they must fight for their chance to be happy together Will their undying love for each other allow them to break away from the rules by which they are so tragically bound A Child of the Cloth is the perfect choice for anyone who enjoys reading about love music and the church
