The Learning Congregation A New Vision Of Leadership:

The Learning Congregation Thomas R. Hawkins, 1997-01-01 Congregations today face an adaptive challenge of immense proportions. Many respond with classic signs of work avoidance holding to past assumptions and blaming authority. Thomas Hawkins' new vision of church leadership can provide a way to break through these defensive routines. The Learning Congregation is a must read for all pastors and church leaders

Extraordinary Leaders in Extraordinary

Times: Unadorned clay pot messengers H. Stanley Wood, 2006 This book observes distinguishing traits of twenty first century clergy who have established churches that successfully reach unchurched people. It distills the results of a large scale research project focused on successful pastors of newly developed churches in seven mainline denominations across the U.S. Drawn from clergy focus groups and a survey of more than 700 effective pastors this study elucidates key leadership qualities that transcend denominational differences. Four experts H. Stanley Wood, Carl S. Dudley, Darrell L. Guder, and Robert S. Hoyt interpret the data placing the findings in the context of church history, current religious demographics, theories of leadership and comparison with the FACT study the largest study of worshipping communities ever undertaken. An extensive addendum provides profiles of successful new churches and denominational differences

Shaping Spiritual Leaders Abigail Johnson, 2007-08-17 Supervision the shaping of spiritual leaders occurs formally and informally in many aspects of congregational life. Every year thousands of pastors supervise field education students and interns, staff members and lay leaders often supervise committee members or other staff, clergy and lay leaders supervise each other as a way to offer support and establish accountability. While supervision enhances the work of all concerned it is rarely explicitly addressed in congregations. For over fifteen years Abigail Johnson has supervised and trained others to supervise candidates for ordination within the United Church of Canada. Recognizing that supervision is as important in the formation of lay leaders as in the life of candidates for ordination she has developed this book to guide all who supervise others in a congregation. Johnson views supervision as a ministry and shows how leaders can use their own innate gifts to enhance their supervision skills. By shaping the supervision relationship based on the gifts of the people involved as well as the context in which the relationship occurs supervision can become an

opportunity for mutual growth and learning that strengthens all other areas of ministry This book provides a hands on approach to supervision addressing key areas such as identifying a learning focus covenanting managing conflict understanding and using power and authority offering and receiving feedback and evaluation and celebrating and ending the supervisory relationship Supervisors who pay attention to these and other key areas will help those they supervise develop their gifts for ministry in all forms *Crossroads* Robert J. A. Doornenbal,2012 Productive Leadership Roy L.

Spore,2021-10-07 Productive Leadership is a celebration of the small churches of America and the lasting legacy they have provided for the Christian landscape Combining attributes of proven leadership with stories from the New Testament it provides a practical guide for developing and maintaining fruitful ministry and is written for lay and clergy leaders in these small to mid size churches Utilizing experiences from actual ministry situations it uses both successes and failures to learn how to work together taking the reader from assessing the cultural values of a church through discerning God s vision for ministry and working together in leadership Complete with step by step exercises for individuals councils and committees the various chapters form a map for developing effective ministry in what often seems to be a futile mission field Readers are invited to examine leadership qualities by identifying their own characteristics and competencies and how they are best used in working within the ministry of their local church Well suited for individual readers it is also a valuable resource for church councils to discover how they can best work together toward the fulfillment of their mission making the most productive use of their time and resources Anyone interested in the future ministry of small churches will find this book to be a valuable resource
